A Guide for Students, Faculty, and Parents

All students are responsible for the information and regulations included in this handbook and are subject to all rules and regulations set forth by the Jenks Board of Education, State Department of Education, and the Oklahoma Secondary School Activities Association.

Revised June 1999

Introduction

The student handbook is designed to assist intermediate school students so they can have an enjoyable school year. Jenks Intermediate Schools provide a caring and challenging school environment that seeks to develop strong academic skills, discover special interests, and promote activities for personal and social growth.

Each part of the handbook provides the information necessary to enhance the effectiveness of the school environment. The handbook also includes policies and procedures adopted by the Board of Education as well as those practices unique to each campus. Students will have an opportunity to review the handbook at the beginning of the year with classroom teachers. We encourage parents/guardians to also read the handbook, review it with their children, and maintain a copy at home for future reference.

Jenks Intermediate Schools provide excellence in education for early adolescents. This grade organization of fifth and sixth grades brings together the best practices of elementary and middle level education. We strive to promote student success and to build upon the skills and abilities learned in elementary years. We encourage your active participation in the school environment!

ACADEMICS

SITE INTERVENTION TEAMS

RATIONALE

One of the essential responsibilities of our school is to provide appropriate education for all students. Educational planning and implementation must consider individual abilities and needs if learning experiences are to be appropriate and maximized.

When a student exhibits academic or behavioral difficulties, it is vital that a process for intervention be immediately available to both the student and teacher. Site Intervention Teams facilitate this process. The membership of each team consists of skilled professionals who are selected based on individual student needs.

The Site Intervention Team process affords a teacher the opportunity to utilize educational resources available within the local educational setting. Interventions can be attempted and documented in the regular classroom. This process must take place before a student can be referred to special education. Parents/guardians who desire more information about this process should contact the Site Intervention Team leader.

PROCEDURES

Team membership, meeting times, and specific procedures will be determined at each site. The process may have the following outcomes:

1. Interventions will be suggested and implemented and the problem will be resolved.
2. Interventions will be suggested and implemented for an agreed upon amount of time. One team member may continue to follow up with the teacher, OR the team may need to reconvene and suggest further action.
3. The team may decide interventions already attempted have not succeeded and the child needs to be referred for a multidisciplinary assessment.

COUNSELORS

A student desiring to see a counselor should: (1) Alert his/her homeroom teacher. The homeroom teacher and counselor will schedule a time, (2) Express desire directly to the counselor, or (3) Ask parent/guardian to phone counselor: WI extension 2909, ELI extension 5530. Counselors may also see students on a referral basis.

CRITERION-REFERENCED TESTING – 5TH AND 6TH GRADE

In fifth grade Criterion-referenced tests (CRTs) are designed to provide information regarding specified areas of knowledge, skills, and content and are used to measure state mandated curriculum in the subjects and/or skill areas of mathematics, science, reading and social studies. Test items will be multiple choice. Tests will be administered annually in the spring semester. Writing skills will be measured by direct writing assessment in February.

In sixth grade Criterion-referenced tests (CRTs) are designed to provide information regarding specified areas of knowledge, skills, and content and are used to measure state mandated curriculum in the subjects and/or skill areas of mathematics and reading. Test items will be multiple choice. Tests will be administered annually in the spring semester.

DISTRICT WIDE PARENTAL INVOLVEMENT (Parents' Bill of Rights)

The Board supports parents' efforts to be involved in the District's education programs. This policy outlines the District's efforts to educate parents and support parent involvement in response to the 2014 Parents' Bill of Rights.

Parents have the right be involved in their minor child's education, including directing that education. Parents are encouraged to exercise their rights in conjunction with District guidance so as not to inadvertently impede their minor child's compliance with federal and state mandated requirements – including requirements related to graduation. Parents also have the right to review school records related to their minor child.

Parents generally have the right to consent prior to an audio or video recording being made of their minor child. This right does not preempt the District's right to make recordings (without specific parental approval) related to:

- safety, general order and discipline
- academic or extracurricular activities
- classroom instruction
- security/surveillance of the buildings or grounds
- photo ID cards

Parents have the right to receive prompt notice if their minor child is believed to be the victim of a crime perpetrated by someone other than the parent, unless law enforcement or DHS officials have determined that parental notification would impede the related investigation. These notice provisions do not apply to matters which involve routine misconduct typically addressed through student discipline procedures. School personnel will not attempt to encourage or coerce a child to withhold information from parents.

1. The District will promote parent participation at the site level with the goal of improving parent and teacher cooperation in areas such as homework, attendance and discipline. This will be accomplished through activities such as:
 - Parent teacher conferences
 - Back to school/meet the teacher/curriculum nights
 - District sponsored webpages with class information available to parents
 - School newsletters
 - Access to academic performance data via the online parent portal.
2. The District will inform parents about their children's course of study by disseminating this information:
 - During annual enrollment
 - In student handbooks
 - On the District's webpage.

Parents may review learning materials affecting their minor children's course of study, including supplemental materials, by making a request through the Office of Teaching and Learning.

3. Parents who object to a learning material or activity may withdraw their minor child from the class or program in which the material is used. In order to withdraw a student, the parent must submit a written request, signed and dated by a parent, to the building principal. Parents who choose to withdraw their minor child from a required class are responsible for making alternate arrangements for the child to earn credit for the class.
4. The District offers a healthy living curriculum that includes sex education in grades seven, eight, nine, and eleven. Parents who object to their minor child participating in the District's sex education program must submit a written notice, signed and dated by a parent, to the principal in order for their child to be excused from participation. Students who are not participating in the District's sex education program will be permitted to study in the school media center or other designated location during sex education instruction.

5. If a teacher is going to provide instruction or presentations regarding sexuality in a course apart from healthy living curriculum, the teacher will send written notice to parents at least five (5) days in advance of the presentation. Parents who object to their minor child's participation in such instruction may send a written request to the building principal to have the student excused from the presentation. Any such student will be permitted to study in the school media center or other designated location during the presentation.
6. Parents may learn about the nature and purpose of clubs and activities which are part of the school curriculum by reviewing student handbooks and the District's web-site.
7. Parents have numerous rights and decision making responsibilities concerning their minor children. To assist parents in meeting these responsibilities and to fulfill its obligations under the 2014 Parent Bill of Rights, the District has compiled the following information for parents:
 - A. The District provides sex education via the healthy living curriculum to students in grades seven, eight, nine, and eleven. Parents may opt their student out of the District's sponsored sex education program by following the procedures established in item 4 above.
 - B. Parents who are not residents of the District may enroll their minor children in the District's schools in accordance with the District's open transfer policy. A copy of that policy is available on the District's website.
 - C. The District utilizes a number of resources to educate students. Parents who object to an assignment based on sex, morality or religion may opt their minor child out of the assignment by following the procedures established in item 3 above.
 - D. Students are generally required to receive a predetermined set of immunizations prior to enrolling in school and to receive additional boosters throughout enrollment in the District. This requirement may be waived if the parent submits an exemption certificate from the minor child's physician stating that the child should be excused from the immunization for health reasons or if the parent submits an exemption certificate objecting to the immunization of the child.
 - E. Students are required to meet certain obligations in order to be promoted to a subsequent grade, particularly with regard to learning to read. Parents can learn about these requirements – including efforts the District will take in order to help students become successful readers – by reviewing the District's policies on Reading Sufficiency Act testing, and student promotion. Copies of these policies are available on the District's website.
 - F. Students are required to meet certain obligations in order to graduate from high school. Parents can learn about these requirements each year during course enrollment. This information is also available in the course planning guide and on the Oklahoma State Department of Education's website (www.ok.gov/sde/).
 - G. The District provides AIDS education for students in grades five and twelve. Parents may opt their minor student out of this education by submitting a written request, signed and dated by a parent, to the building principal. Students who are not participating in the District's AIDS education program will be permitted to study in the school media center or other designated location during the scheduled instruction.
 - H. Parents have the right to review student test results related to their minor student. Parents may review the results of classroom exams by accessing the online parent portal or contacting their child's teacher. Parents may review the results of state-wide testing by contacting their child's building principal.
 - I. Qualifying students have the right to participate in the District's gifted and talented program in accordance with the District's policy regarding the program. A copy of the policy is available on the District's website.

- J. Parents have the right to review teachers' manuals, audiovisual resources, or other supplementary instructional material if the materials are being used in connection with a research or experimentation program or project. In order to review these materials, the parent should contact the Office of Teaching and Learning.
- K. Parents have the right to receive a school report card. Information regarding these report cards will be provided through school publications. Copies of individual student report cards can be viewed via the online parent portal or by contacting the school site.
- L. Students are required to attend school regularly, and the District is required to notify parents of any student absence unless the parent has already contacted the school to report the absence. The District will send a written notice to parents if their minor student appears to be in danger of exceeding the maximum allowable number of absences and will notify the district attorney and the parent if a child may be considered truant. Parents may contact the child's principal for additional information regarding student absences.
- M. Parents have the right to review the District's courses of study and textbooks. Arrangements for this review can be made through the Office of Teaching and Learning.
- N. Students may be excused from school for religious purposes provided the parent contacts the site principal to request such an absence.
- O. Parents have the right to review all District policies, including parental involvement policies. Copies of these policies are available on the District's website.
- P. Parents have the right to participate in parent-teacher organizations. Information regarding these groups will be made available during activities such as enrollment, schedule pickups, and back to school night. Parents who wish to have additional information regarding these groups can obtain more detail through the principal's office.
- Q. Parents may opt out of selected District level data collection related to state longitudinal student data system reporting. Parents may not opt out of necessary and essential record collecting. Parents may file an opt out request through the Superintendent's office.

Parents requesting information outlined in this policy should submit written requests for information through the site principal or Office of Teaching and Learning, as noted in the respective section. Appropriate school personnel will either make the information available or provide a written explanation of why the information is being withheld within ten (10) days of the request. Any parent whose request is denied or who does not receive a response within fifteen (15) days may submit a written request for the information to the Board of Education. The Board will include an item on its next public meeting agenda (or the following meeting, if time does not permit inclusion of the item on the agenda) to allow the board to formally consider the parent's request.

OKLA. STAT. tit. 25 § 2001

ENGLISH LANGUAGE DEVELOPMENT PROGRAM (ELD)

Jenks Public School District offers an English Language Development (ELD) program designed to develop the English skills of all students who speak a language other than English and who are in need of additional English instruction due to lack of English proficiency.

The amount of time an English Language Learner (ELL) student spends in ELD class is dependent on the student's need for services, which is determined by the English language proficiency test score. Students may score as Non-English Proficient (NEP), Limited-English Proficient (LEP), Fluent-English Speaking (FES), or Fluent-English Proficient (FEP). When students demonstrate English proficiency in a progressive manner, the amount of ELD instruction is reduced. An ELL student is exited from the ELD program when the ELL student scores at a proficient level on the state mandated English language proficiency test. The ELL student is monitored for two years upon meeting exit criteria. A parent/guardian waiver form must be signed if the

student is not to receive ELD services.

The ELD staff will comply with the following:

- notify parents/guardians when there is a change in an ELL student's language proficiency designation and/or the services for which a student qualifies;
- assess annually the English proficiency of all ELL students;
- base the ELD Program on scientifically based research regarding teaching ELL students;
- enable ELL students to speak, read, write, and comprehend the English language;
- enable ELL students to meet state academic content and student academic achievement standards;
- abide by state laws, including the state constitutional law regarding the education of ELL students, legal authority, and civil rights laws.

EVALUATION OF STUDENT PROGRESS

1. The school year is divided into four 9-week grading periods for which a report card is given to parents/guardians. A student must be enrolled for the entire nine (9) weeks to receive a report for that period.
2. Progress reports will be sent to the home at the end of the fourth week of each nine (9) week period when a student has exhibited a significant change in performance. Reports may be sent home for satisfactory and unsatisfactory work as well as when there is a notable change in performance. Additional progress reports may be sent at any time during the year.
3. The special subject teachers will mark progress reports with 3's, 2's, and 1's.
4. The following grading scales will be:

A-Superior	90 – 100%
B-Above Average	80 – 89%
C-Average	70 – 79%
D-Below Average	60 – 69%
F-Unsatisfactory	59% - below
N-Not Meeting the Standard	

3-consistently successful
2-progressing
1-area of concern

5. The teacher is responsible for clarifying all modifications to the parent/guardian. The asterisk (*) denotes significant modifications for students receiving services i.e., identified gifted, IEP, 504, Title I, RSA, ELD.
6. A separate special area report card will be used to report student progress in art, music, and physical education.
7. Parent/guardian conferences will be held in the fall and spring (see school calendar). Additional references may be scheduled if requested.

GIFTED SERVICES

Jenks Schools offer services for identified gifted elementary and intermediate students living in the District. A gifted coordinator supervises progress for those identified gifted students. Student participants are served in cluster groups with differentiated strategies used in the classroom and through learning laboratory opportunities. Students must qualify by meeting certain criteria in compliance with Oklahoma State Law and District policy. An advocacy procedure has been developed which permits teachers and parents/guardians to recommend students for further evaluation and possible placement. Please contact a school principal or gifted coordinator if you have questions related to gifted education.

HIGH SCHOOL CREDITS EARNED PRIOR TO HIGH SCHOOL ENTRY OR DURING SUMMER SCHOOL

The grade earned by an intermediate school student taking a high school level course during his/her intermediate school career or during summer school will be the grade assigned to the course recorded on the

high school transcript. Per state law, High School math courses are given elective, rather than subject area credit.

In order to pass a class, a student may not be absent more than 10 days in a semester. If a student is absent more than 10 days in the previous semester, the student may not be allowed to participate in school activities.

HOMEBOUND PROGRAMS

Homebound services are for students who are unable to attend classes due to physical illness (surgery, etc.) and who expect an absence of at least two (2) consecutive weeks. A physician's verification is necessary. Although homebound services are no longer funded by the State Department of Education, Jenks Public Schools will provide services when possible. Please call the site to complete the necessary paperwork.

NON-ACCREDITED HOME SCHOOL ADMISSIONS

Jenks Schools welcomes enrollment of students who have been students in non-accredited schools and who have been home schooled. Students enrolling in the District from non-accredited schools and who have been home schooled will be placed in grade levels and in courses based upon educational factors, primarily academic mastery as demonstrated on tests that assess the student by the District curriculum standards and objectives and Priority Academic Student Skills (PASS) adopted by the State Board of Education. Assessment results will be maintained for at least one calendar year.

Students entering the District from non-accredited schools or who have been home schooled without evidence of participation in nationally standardized achievement assessments will be required to take academic assessments administered by District personnel. Pending receipt of such assessment results, the administration may allow the student to attend school in a designated alternative or temporary setting.

The administration shall determine the approved assessment instruments that will be used to implement this policy. Grade and course enrollment will be based upon results of placement tests and/or any other assessment information and/or education records deemed to be relevant by the administration.

A parent/guardian who disagrees with the placement decision of the school may present a written objection for inclusion in the student's permanent folder, and may ask the Superintendent or designee to review those objections. Any review of a placement decision by the Superintendent or designee shall be limited to determining compliance with this policy; then the student's placement will be remanded to the administration for compliance with this policy. The decision of the Superintendent shall be final and non-appealable.

PROFICIENCY BASED PROMOTION

Students may progress in their educational endeavors by subject, course, and/or grade level based on mastery of the Oklahoma Learner Outcomes, not on time spent in classes, completion of assignments, or prerequisites. The student who can successfully be moved ahead under Proficiency Based Promotion guidelines can demonstrate content knowledge, skills, and application of learning in the core areas regardless of time spent in the classroom. Parental/guardian involvement is integral in the proficiency based promotion process as is consideration of the student's social, emotional, physical, and intellectual needs. Proficiency Based Promotion is intended to serve those unique students enrolled in Jenks Schools whose needs cannot be met by following a traditional timetable and sequence but require promotion beyond current placement. Proficiency Based Promotion opportunities will be available for students from grades K-12 in the core content areas of language arts, mathematics, science, social studies, languages, and the arts.

Students who request Proficiency Based Promotion will complete an application process and take a criterion-referenced test to measure the priority skills and knowledge relevant to each core course or subject for which credit is desired. If passed at the ninety (90) percent or higher level, student applicants will then complete a performance component. That component will be evaluated by selected staff and must meet standards

comparable to superior ninety (90) percent performance.

Upon successful completion of both the criterion and performance components, and after appropriate consultation with parents/guardians, a student may be promoted and receive appropriate credit. Credit earned in high school level courses will count toward meeting graduation requirements. Credit will be noted as a pass with no grade assigned. No record of unsuccessful attempts will be maintained in the student's permanent school records.

Options for accommodating student needs for advancement after having demonstrated proficiency may include, but are not limited to, the following: individualized instruction, correspondence courses, independent study, concurrent enrollment, cross-grade grouping, or grade/course advancement. Please see underage entrance section regarding state law.

Notification regarding the availability of Proficiency Based Promotion will be made available to parents/guardians and students on an annual basis. Guidelines and application procedures will be available at each school and in the Office of Curriculum and Instruction.

RETENTION POLICY

Retention is the process of delaying a child's promotion to the next grade. It is an educational alternative designed to meet the academic, social, emotional, developmental, physical, chronological, and/or intellectual needs of the student.

Elementary Grades (PK-6)

A child may be considered as a candidate for retention only after other available options are considered. Retention decisions will always take into account such additional factors as school adjustment, parental/guardian support, alternative programs, and teacher recommendations.

Procedures:

1. If a teacher and/or parent/guardian suspect a student is over-placed, he/she will complete a written referral which will include documentation supporting the referral. The referral will be given to the site principal. The classroom teacher will notify the parents/guardians of this referral.
2. The site principal/designee will gather data and/or convene a placement team as soon as possible upon receipt of the referral i.e., classroom teacher, counselor, principal, previous classroom teacher. Parent/guardian participation is optional. Data will include teacher observations, an achievement test, and other relevant information.
3. During the team meeting, the teacher will share documentation supporting the referral.
4. The team will determine:
 - a) further interventions recommended and/or more information needed;*
 - b) retention recommended; or
 - c) retention not recommended.

*If further interventions are recommended and the student still does not progress satisfactorily, the team will reconvene.
5. The classroom teacher will share the recommendation with the parents/guardians.
6. If retention is the recommendation the attitudes of parent(s)/guardian(s) are one of the foremost factors to be considered. A parental/guardian signature indicating acceptance or rejection of a retention recommendation is required.
7. Documentation of this recommendation will be placed in the student's cumulative record.

Appeals Process

After receiving a decision to retain a student, a parent may request reconsideration of a retention decision by taking the following steps:

First Level of Appeal

The parent may request review of the initial decision by letter to the site principal. If no request is received within five (5) days of the parent's receipt of written notification of the committee's initial decision to retain, the decision will be final and non-appealable.

Second Level of Appeal

The parent may request review of the principal's decision by letter to the Superintendent, or designee. If no request is received within five (5) days of the parent's receipt of the principal's written notification of his or her decision, the principal's decision will be final and non-appealable.

Final Level of Appeal

The parent may request review of the Superintendent's decision by letter to the Superintendent or the Clerk of the Board of Education. If no request is received within five (5) days of the parent's receipt of the Superintendent's written notification of his or her decision, the Superintendent's decision will be final. The parent will be notified in writing of the date, time, and place of the Board meeting at which the decision will be reviewed. The Board's decision will be final and non-appealable. If the parent disagrees with the Board's decision, he or she may prepare a written statement stating the reason(s) for disagreement, which will be placed in and become a part of the student's permanent cumulative record.

No appeals process is required by Oklahoma law as to the District's decision to promote a student when the parents desire that the student be retained in a grade.

SPECIAL EDUCATION

Special education means specially designed instruction, at no cost to the parents/guardians, to meet unique needs of a child (ages 3-21) with one of the following disabilities: autism, deaf-blindness, hearing impairment, including deafness; intellectual disabilities; multiple disabilities, orthopedic impairments; other health impairments; emotional disturbance; specific learning disability; speech or language impairment; traumatic brain injury; visual impairment, including blindness; and developmental delays.

Special Education includes various placements as identified by the State Department of Education Policies and Procedures manual and as mandated by federal law. For further information, please contact your child's school site.

- Regular classes (full-time) inside the general class more than 80% of the school day (examples of services in this placement include modifications, consultations, supports for school personnel, supplementary aids and services).
- Special class (part-time) inside the regular class 40-80% of the school day.
- Special class (full-time) inside the general class less than 40% of the school day.
- Public/private, separate day schools.
- Public/private residential facility.
- Home instruction/hospital environment.
- Correctional facility.

Jenks Public Schools embraces a philosophy of inclusion in the regular school community for all students. To the maximum extent appropriate, students with disabilities are included in the regular educational environment. The amount of time to be spent in general education classes is determined by the Individualized Education Program (IEP) for each student on an individual basis.

TITLE I

Jenks Public Schools has Title I programs at East Elementary, Northwest Elementary and East Intermediate. The staff includes the Director of Student Assessment, the Elementary Academic Coordinator, and Reading and

Math specialists who are highly qualified.

Both East Elementary, Northwest Elementary and East Intermediate operate school-wide Title I programs. Title I is the largest federally funded program for supplementary services designed to improve the educational performance of students working below grade level. East Elementary, Northwest Elementary and East Intermediate offer programs in reading and math. Students may be served through pull-out labs and/or by the specialist going into the classroom. Great effort is given to coordination between regular classroom instruction and the Title I program, giving students the support needed for success throughout the day.

Jenks Public Schools has a Board approved Title I Parent Policy and a summary of the policy is sent to every Title I parent/guardian. Title I parents/guardians are invited to participate in the Title I site committees and advisory board. Each site schedules parent/guardian meetings at which information concerning the program is given. A school-parent compact is reviewed with parents/guardians at the first parent or legal guardian conference in the fall and is signed by school staff, parents/guardians, and students.

STUDENT RECORDS

A permanent folder of student records is kept on file. Parents or guardians may inspect and review any school records dealing with their children.

ACTIVITIES

EXTRACURRICULAR ELIGIBILITY REQUIREMENTS

Jenks Intermediate School is a member of the Oklahoma Secondary School Activities Association and subject to the rules and regulations set forth by that organization. Some of the basic requirements are:

PARTICIPATION

Students who participate in curricular, co-curricular and/or extracurricular activities (tournaments, contests, meetings, banquets, performances, etc.) represent our school and community and, therefore, must abide by all rules and regulations set forth in the Student Handbook and/or by that organization. This includes academic standing, ninety percent attendance, and proper attire and conduct.

Failure to do so may result in removal from that activity or disqualification from being eligible to receive any organizational or school honor. Students who are suspended for drug and/or alcohol infractions will not be allowed to participate in school activities for the remainder of that semester and/or the following semester. When a student's behavior results in disciplinary action, he/she may lose participation rights in some or all activities for that semester and/or the following semester. Students must be in attendance one-half of the school day to participate in after-school activities. In case of conflicting activities, performance takes precedence over practice. Some organizations have rules and regulations in addition to those in the Intermediate School Handbook.

PARTIES/GIFTS/TREATS

The intermediate school leadership will preserve as much of their instructional day as possible.

1. Parties must conform to the guidelines in Administrative Regulation: Board Policy 1.39 Religion which is posted on the District web site.

- *8. Flowers, balloons, and any other gifts to children at school are discouraged and will be held at the office until the end of the day. Balloons may not be latex.
9. For health reasons, all treats for parties and celebrations must be commercially prepared and pre-wrapped. Treats must not contain peanut butter or nut products on the ingredient label.

*No flowers or balloons are allowed on the bus.

SPECIAL PERMISSION TO LEAVE CLASS

Special permission for students to leave class to help other teachers set up assemblies, meetings, talent shows, etc. should only be granted when the two (2) teachers involved have made previous arrangements for the student(s) in question to participate. Student(s) should have an appropriately signed agenda or pass from the sending teacher.

ATTENDANCE

ABSENCE POLICY/PROCEDURE

The following is the policy on absences used by Jenks Intermediate School:

1. Under no circumstances will a student be granted permission to leave the building/grounds during school hours unless the school is notified by the parents/guardians.
2. Twenty-four (24) hours should be allowed after the request is made for the teachers to write out the assignments, or in the event of teacher time related conflict, as soon as possible.
3. If a parent/guardian wishes to remove someone else's child, that child must bring a note from his/her parent/guardian giving permission, and that note must be verified by office staff before the student will be released. Notes should be brought to the main office by 9:30 a.m.
4. All exceptions to this rule must be submitted in writing with documentation for medical reasons or family emergencies by the parent/guardian/principal. Exceptions will be determined by the principal. If the principal denies the request for the waiver, the parent/guardian may request a review by the attendance committee composed of the principal, a school nurse, a teacher, and a counselor.
5. Students with an excused absence will have the same number of days to make-up work as they were absent. It is the student's responsibility to make arrangements for any make-up work to be done. Make-up work will be available upon request.

EARLY ARRIVAL/DISMISSAL

Students must obtain special permission from the teacher or principal if they plan to enter the building before 7:30

am.

If a parent/guardian wishes to remove his/her student from the school during the instructional day the parent/guardian must come to the office to check his/her child in or out of school. Parents/guardians should follow procedures below:

1. Parents/guardians are to sign students in or out at the office. A note will not excuse the child.
2. Parents/guardians are not to go directly to the student's classroom.
3. Under no circumstances will a student be granted permission to leave the building/grounds during school hours unless the school is notified by the parents/guardians.
4. Twenty-four (24) hours should be allowed after the request is made for the teachers to write out the assignments, or in the event of teacher time related conflict, as soon as possible.
5. If a parent/guardian wishes to remove someone else's child, that child must bring a note from his/her parent/guardian giving permission, and that note must be verified by the office staff before the student will be released. Notes should be brought to the main office by 9:30 a.m.

TARDY POLICIES

If a student arrives after 7:45 a.m., he/she must sign in at the office to obtain an admittance pass that will admit the student to class. Medical issues or emergencies will be handled individually.

3 rd Tardy	Warning
4 th Tardy	Warning/notify parent/guardian
5 th Tardy	Warning/notify parent/guardian
6 th Tardy	Lunch Intervention will be assigned
7 th Tardy	Student to visit with a principal and further consequence to be determined

Very few tardies are excused by the administration, no matter what the reason for the tardy because class is missed. A tardy is not excused by having the parent/guardian sign the student in, nor is a tardy excused when the parent/guardian is the cause of the tardy. Traffic conditions do not constitute an excused tardy. Medical issues or emergencies will be handled individually.

TRUANCY

Students absent without approval of school and parent/guardian are considered truant. The student will not be allowed to make up work missed during the truancy. The Truancy Law for the State of Oklahoma indicates the responsibilities of parents/guardians and school administrators as follows:

1. All children enrolled in public schools are covered by the truancy legislation.
2. Parents/guardians must notify the school on those days when their child is absent and explain the reason for the absence. Notification by telephone should be made to the office of the building in which the child is assigned.
3. A teacher's assistant or Administrative Assistant on the school staff will attempt to contact the parents/guardians of children who are absent and who have not contacted the school.
4. Per state law, if a child is absent **without a valid excuse** four or more days or parts of days within a four-week period, or for ten or more days or parts of days within a semester, parents/guardians will be notified with a Notice of Non-Attending form. After the fifth (5th) absence **without a valid excuse**, the school system will notify the District Attorney's office for juvenile proceedings pursuant to Title 10 of the Oklahoma Statutes.
5. Extracurricular activities (piano, karate, gymnastics, etc.) should be scheduled after school hours. Children may be dismissed early for medical reasons. Classroom instruction is continuous throughout the day, and students will be held accountable for that work.

STUDENT APPEARANCE

A student's appearance should not distract classmates from the important task of learning. Relationship between one's appearance and behavior exists, and an appropriately dressed student is better accepted by peers. The building principal shall have the authority to determine the appropriateness of any attire. In making such determination the principal will be governed by whether the attire is disruptive or distracting to the educational environment or creates an unsafe, threatening environment.

1. All students are expected to be neatly groomed. Shoes must be worn. Clothing and/or jewelry should not display pictures, lettering, or numerical figures that are profane, repulsive or obscene, or that advertise or promote weapons, tobacco or alcohol, drugs, drug related items, or drug paraphernalia. Any display of nudity or any manner of dress or grooming which is offensive or disruptive shall be corrected immediately. Included in this policy is the prohibition of clothing and/or athletic uniforms worn in a manner which is revealing, disruptive, or inappropriate for the school setting. Hot weather should not be a reason for dressing scantily since all schools in the Jenks Public School system are air conditioned.
2. Extremes in wearing apparel or personal appearance which would disrupt classrooms and/or interfere with the intended function of the school will not be considered as acceptable school dress. The wearing of any apparel associated with "gang" membership will not be allowed at school, in school vehicles or at school-sponsored or authorized functions.
3. The responsibility of upholding and enforcing this code rests with those students, parents/guardians, teachers, and principal concerned. Where there is a judgment to be made, the site principal will make the decision.

STUDENT BEHAVIOR

A vast array of student disciplinary situations and penalties are mentioned in this Board Policy Book and student

or parent/guardian handbooks that are distributed from the District's schools. It is recognized that it is impossible to identify all student actions that might require staff administered consequences. Therefore, disciplines may be administered for student actions that are, or possibly, are not described in the Board policies or student and parent/guardian handbooks.

Similarly, these policies, as well as the regulations included in the student and parent/guardian handbooks, should be considered to be general guidelines for the administration of student discipline...not rigid regulations which are automatically applied in all cases. Administrative discretion is encouraged and recommended in individual and/or unique situations. This includes the potential administration of penalties which are less or more than those penalties described in policy books and handbooks.

The Board of Education of the Jenks District adopts the following policy and procedures dealing with student behavior. The Board of Education recognizes that students do not surrender any rights of citizenship while in attendance at Jenks Schools. The school is a community with rules and regulations. Those who enjoy the rights and privileges it provides, must also accept the responsibilities that inclusion demands, including respect for and obedience to school rules.

The following behaviors at school, while in school vehicles or going to or from or attending school events will result in disciplinary action, up to and including school intervention options or out of school suspension. These behaviors may include but are not limited to the following:

This includes but is not limited to electronic communication, whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, intimidation or bullying at school.

DISCIPLINARY OPTIONS

Instructor or Administrator Intervention

May include, but is not limited to: warning conference with student, parent conference, referral to counselor, behavioral contract, restriction of privileges, requirement of corrective action by student, changing student's seat or class assignment, involvement of local authorities or agencies, or other appropriate action as required or indicated by the circumstances

Detention

Detention is a correctional measure used when it is deemed appropriate. Students are to report to the appropriate teacher/principal at the specified time with class work to be studied. Detention may be assigned on a week day or

on a Saturday, as deemed appropriate.

School Service

School service may be required of students when an administrator believes that it would allow the student to understand the logical consequences of his/her conduct. Examples include, but are not limited to, cleaning after vandalism or littering, helping a teacher after disrupting class, etc. School service will not be utilized to augment the district's workforce, in ways which are likely to endanger a student, or in a manner which is designed to unduly embarrass a student.

In-School Intervention

In-school intervention is an optional correctional measure that may be used by the school when deemed appropriate by a site administrator. It involves assignment to a school site, designated by the school, for a prescribed course of education as determined by school representatives and there shall be no grade penalty. In-school intervention is not considered by law to be out-of-school suspension and therefore is non-appealable. However, all in-school interventions of greater than 15 days, with the exception of those directed by Board policy, must be confirmed by the Superintendent or designee.

Alternative In-School Placement

Alternative in-school placement is an optional correctional measure that may be used by the school when deemed appropriate. It involves assignment to a school site, designated by the school, for a prescribed course of education as determined by school representatives. Any such placement will be made in accordance with applicable special education procedural safeguards.

Alternative Out-Of-School Placement

Alternative out-of-school placement is an optional correctional measure specifically authorized in cases when a student has made electronic communications intended to terrify, intimidate, harass, or threaten injury or harm to faculty or students. Any such placement will be made in accordance with applicable special education procedural safeguards.

Out of School Suspension

Students may be suspended out of school pursuant to the District's policy regarding student suspension.

INTERVENTION

Intervention is a correctional measure used when it is deemed appropriate. Students are to report to the appropriate teacher/principal at the specified time. Intervention may be assigned as deemed appropriate.

IN-SCHOOL INTERVENTION

In-school intervention is an optional correctional measure that may be used by the school when deemed appropriate by a site administrator. It involves assignment to a school site, designated by the school, for a prescribed course of education as determined by school representatives and there shall be no grade penalty. In-school intervention is not considered by law to be out-of-school suspension and therefore is non-appealable. However, all in-school interventions of greater than 15 days, with the exception of those directed by board policy, must be confirmed by the Superintendent or designee.

OUT-OF-SCHOOL SUSPENSION

Students may be suspended out of school pursuant to the District's policy regarding student suspension.

BEHAVIOR OR CONDUCT WHICH MAY RESULT IN SUSPENSION

Students who are guilty of any of the following acts may be suspended out of school by the administration of the school or the District for:

1. violation of a school regulation;
2. immorality;
3. adjudication as a delinquent for an offense that is not a violent offense. For the purposes of this section, "violent offense" shall include those offenses listed as the exceptions to the term "nonviolent offenses" as specified in Section 571 of Title 57 of the Oklahoma Statutes. "Violent offense" shall include the offense of assault with a dangerous weapon but shall not include the offense of assault;
4. possession of an intoxicating beverage, low- point beer, as defined by Section 163.2 of Title 37 of the Oklahoma Statutes, wireless telecommunication device, or missing or stolen property if the property is reasonably suspected to have been taken from a student, a school employee, or the school during school activities; and
5. possession of a dangerous weapon or a controlled dangerous substance, as defined in the Uniform Controlled Dangerous Substances Act. Possession of a firearm shall result in out-of- school suspension as provided in the District's policy related to Firearms.

In the event of a suspension for any of the reasons listed above, an education plan shall be applicable. However, no education plan shall be necessary for possession of a dangerous weapon or a controlled dangerous substance.

Students suspended for a violent offense directed toward a classroom teacher shall not be allowed to return to the teacher's classroom without the teacher's prior approval. Whether an offense is considered a violent offense, requiring an affected teacher's approval as a condition of return to a particular classroom, shall be based on applicable provisions of the Oklahoma school law regarding student suspension and applicable Oklahoma criminal law distinguishing between violent and nonviolent offenses.

PRE-SUSPENSION CONFERENCE

Before the District, through its designated representatives, recommends out-of-school suspension, alternative in-school intervention including, but not limited to, placement in an alternative school setting, reassignment to another classroom, placement in in- school detention, or other available disciplinary or correctional options shall be considered. These shall not be considered as an out-of-school suspension but shall be treated as disciplinary or correctional actions that may be used, if warranted, as an alter- native to out-of-school suspension. Students identified as disabled under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973 and who are suspended out-of- school or receive disciplinary removal from the classroom require additional procedural considerations.

PRE-OUT-OF-SCHOOL SUSPENSION CONFERENCES

When a student violates Board policy or a school rule or regulation or has been adjudicated as a delinquent for an offense that is not a violent offense (as set out in OS Title 57, Section 571), the principal will conduct an informal conference with the student. At the conference with the student, the principal will read the policy, rule or regulation which the student is charged with having violated and will discuss the conduct of the student which is a violation of the policy, rule, or regulation.

The student will be asked whether he/she understands the policy, rule or regulation and be given a full opportunity to explain and discuss his/her conduct.

If it is concluded that an out-of-school suspension is appropriate, the student will be advised that he/she is being suspended and the length of the out-of-school suspension.

The principal will immediately notify the parent/guardian by phone and in writing that the student is being suspended out of school and that alternative in-school intervention or other available options have been considered and rejected. The written notice should state what alternative in-school placement or other available options have been considered and why they were rejected. Elementary, intermediate, and middle school students will not be dismissed before the end of the school day without advance notice to parent/guardian.

IMMEDIATE OUT-OF-SCHOOL SUSPENSION WITHOUT A PRE-OUT-OF-SCHOOL SUSPENSION CONFERENCE

A student may be suspended out of school without the above pre-out-of-school suspension conference with the student only in situations where the conduct of the student reasonably indicates to the principal that the continued presence of the student in the building will constitute an immediate danger to the health or safety of the students, or school employees, or to school property, or a continued substantial disruption of the educational process.

In such cases, an out-of-school suspension conference with the student and the parent or guardian will be scheduled as soon as possible after the student has been removed from the building.

CONFERENCES WITH PARENTS/GUARDIANS

The principal will seek to hold a conference with the parent or guardian as soon as possible after the out-of-school suspension has been imposed. The parent/guardian should be advised of his/her right to a conference with the principal at the time he/she is notified that an out-of-school suspension has been imposed. The conference will be held during the regular school hours, Monday through Friday, with consideration given to special exceptions. At the conference, the principal will read the policy, rule or regulation which the student is charged with having violated and will briefly outline the conduct or behavior on the part of the student. The principal will also explain the basis for an out-of-school suspension rather than the use of alternative options. The parent/guardian should be asked by the principal if he/she understands the rule and the charges against the student.

At the conclusion of the conference, the principal will state whether he/she will terminate or modify the out-of-school suspension. In all cases the parent/guardian will be advised of his/her right to have the out-of-school suspension reviewed by the Superintendent of Schools, the Board of Education (or the Out-of-School Suspension Committee) as provided by this policy.

OUT-OF-SCHOOL SUSPENSION REQUIREMENTS

An out-of-school suspension shall be long-term or short-term. A long-term out-of-school suspension shall be an out-of-school suspension of eleven (11) school days. A short-term out-of-school suspension shall be a period of ten (10) or fewer school days.

In no event should an out-of-school suspension extend beyond the current school semester and succeeding semester, except in the case of possession of a firearm in which case an out-of-school suspension for up to one (1) calendar year is appropriate. Out-of-school suspensions involving firearms are governed by the District's Gun-Free School Policy. Out-of-school suspensions should have a definite commencement and ending date: indefinite out-of-school suspensions are not permitted. It is recommended that out-of-school suspensions of eleven (11) or more days be imposed only in serious situations.

The principal may take previous conduct and previous disciplinary actions and out-of-school suspensions of the student into consideration.

Out-of-school suspensions until the student performs some remedial act are not permitted; however, the student may be advised that an out-of-school suspension of definite length will be terminated at an earlier date if he/she performs a prescribed remedial act or acts.

Out-of-school suspensions, in excess of five (5) days, shall include an Individualized Plan for Out-of-School Suspension ("Plan") which shall describe either a home-based school work assignment setting or other appropriate work assignment setting. The Plan shall be prepared by the principal with the assistance of other school employees as warranted by the circumstances of the out-of-school suspension. The Plan shall provide for the core units in which the student is enrolled. Core units shall consist of the minimum English, Mathematics, Science, Social Studies and Fine Arts units required by the Oklahoma State Department of Education for grade

completion in grades kindergarten through eight and for high school graduation in grades nine through twelve.

A copy of the Plan shall be provided to the student and parent or guardian. The parent or guardian shall be responsible for provision of a supervised, structured environment in which the parent or guardian shall place the student. The parent or guardian shall bear responsibility for monitoring the student's educational progress until the student is readmitted into school. The Plan shall set out the procedure for education and shall also address academic credit for work satisfactorily completed.

RECORDS AND REPORTS

The principal will keep written records of each out-of-school suspension conference containing the date of the conference, the names of the persons present, and the basis for rejection of alternative disciplinary options. Also, the principal shall maintain records related to the Education Plan and the student's and/or parent's compliance or non-compliance with the Plan.

LONG-TERM OUT-OF-SCHOOL SUSPENSIONS OF ELEVEN (11) OR MORE SCHOOL DAYS

RIGHT OF APPEAL

A parent/guardian or the student may appeal the out-of-school suspension decision to the Site Committee, Superintendent of Schools and the Board of Education.

ATTENDANCE AT SCHOOL PENDING APPEAL HEARING

Pending the appeal hearing of an out-of-school suspension to the Board, the student will have the right to attend school under such "in-school" restrictions as the principal deems proper (and this time may or may not count against the total penalty time), except that in the discretion of the principal, the student may be prohibited from attending school pending any appeal hearing if in the judgment of the principal:

1. The conduct for which the student was suspended out of school reasonably indicates that continued attendance by the student pending any appeal hearing would be dangerous to other students, staff members, or school property; or
2. The conduct for which the student was suspended out of school reasonably indicates that the continued presence of the student at the school pending any appeal hearing would substantially interfere with the educational process at the school.

METHOD OF APPEAL TO THE SITE COMMITTEE

An appeal to a committee can be requested by letter to the school principal, which must be received within five (5) days after the principal's out-of-school suspension decision is received by the student, or his/her parent/guardian.

The Site Committee will be composed of the following members: an administrator not involved in the suspension, a site teacher of the student's choice and a teacher appointed by the site principal, neither of whom may be the student's present teacher.

The out-of-school suspension decision will become final and non-appealable if a request is not submitted in a timely manner.

METHOD OF APPEAL TO THE SUPERINTENDENT OF SCHOOLS, DESIGNEE, OR DISTRICT COMMITTEE

An appeal can be presented by letter to the Superintendent of Schools. If no appeal is received within five (5) calendar days after the site committee's decision is received by the parent/guardian or student, the committee's out-of-school suspension decision will be final.

The Superintendent of Schools, designee or District administrative committee should hold a conference with the parent or guardian as soon as possible after receipt of the appeal. The appeal will be held during the regular

school hours, Monday through Friday, with consideration given to the hours of working parents whenever possible.

When a District administrative committee is utilized, the Superintendent or designee shall appoint an appeal committee consisting of no fewer than three (3) District administrators and shall designate a chairperson for the committee. No administrator is eligible to serve on the committee who was a witness to the student's conduct. The principal who issued the out of school suspension decision shall attend the committee hearing.

At the conference, the Superintendent or designee will read the policy, rule, or regulation which the student is charged with having violated and will briefly outline the conduct on the part of the student. The parent/guardian should be asked by the Superintendent or designee if the rule and the charges against the student are understood. The Superintendent or designee will notify the parents/guardians of whether the out-of-school suspension will be sustained, rescinded or modified. In any case where a long-term suspension continues to exist, the parent/guardian will be advised of his/her right to have the out-of-school suspension reviewed by the Board of Education.

METHOD OF APPEAL TO THE BOARD OF EDUCATION

An appeal can be requested by letter to the Superintendent of Schools or to the Clerk of the Board of Education.

If no appeal is received within five (5) days after the decision of the Superintendent or designee or administrative committee is received by the parent/guardian or student, the decision will be final.

HEARING THE APPEAL

The Board will hear the appeal as soon as possible. The Board's decision is final and non-appealable. The parent/guardian and student will be notified of the date, time, and place of the hearing. The parent/guardian and student will have the right to an "open" or "closed" hearing, at their option. Reasonable efforts will be made to accommodate the work schedule of parents/guardians.

Each side will be told that they are required to hold their "total time" to one and one-half (1 1/2) hours. This should include opening statement, presentation of evidence, cross-examination, and closing statement. If the representative or attorney for either side indicates that additional time is required, the rationale for requesting that additional time will be presented by the requesting party(ies) at this time on the agenda. Both sides and individual Board members may address this issue. The Board will then consider the request and then will vote to set a reasonable time limit for each side based on the information provided by the parties and the totality of the circumstances. To the extent possible, the Board will seek to obtain an agreement from the parties as to a reasonable time limit.

Pursuant to Oklahoma School Laws, the parent/student may determine that the hearing be in open to the public or in executive session.

The Board may go into executive session to deliberate the finding of fact for the case. After returning to open session, the Board takes action to adopt a finding of fact and to affirm the suspension; to modify the suspension; or to revoke the suspension.

SHORT-TERM OUT-OF-SCHOOL SUSPENSIONS OF TEN (10) OR FEWER SCHOOL DAYS

The Board of Education recognizes that student out-of-school suspensions of ten (10) or fewer school days referred to as short-term out-of-school suspensions involve less stigma and require less formal due process procedures than are required for out-of-school suspensions of greater than ten (10) school days referred to as long-term out-of-school suspensions. Appellate rights in such instances are satisfied in an effective and expedient manner by giving the student the right to appeal the out-of-school suspension decision to a committee composed of administrators and/or teachers. The composition of the committee shall be reserved to the District's discretion.

RIGHT OF APPEAL

A student who has been suspended out of school for a period of ten (10) or fewer school days is entitled to all pre-appeal rights presently accorded by District policy to students who have been suspended out of school for periods of eleven (11) or more school days. A student who has been given a short-term out-of-school suspension and that student's parent/guardian has a right to appeal an out-of-school suspension decision to a committee composed of administrators and/or teachers. A student with a short-term out-of-school suspension and his/her parent/guardian shall be informed by the principal of this right and the method of submitting an appeal.

METHOD OF APPEAL TO THE SITE COMMITTEE

An appeal to a committee can be requested by letter to the school principal, which must be received within five (5) calendar days after the principal's out-of-school suspension decision is received by the student or his/her parent/guardian. The out-of-school suspension decision will become final and non-appealable if a request is not timely submitted.

The Site Committee will be composed of the following members: an administrator not involved in the suspension, a site teacher of the student's choice and a teacher appointed by the site principal, neither of whom may be the student's present teacher.

Upon receipt of the request, the school principal shall confirm that the student's out-of-school suspension falls within the category of out-of-school suspensions to which an appeal to the committee is authorized. If the school principal determines that the period of out-of-school suspension is greater than eleven (11) school days, or if for any reason, the short-term out-of-school suspension is extended beyond ten (10) school days prior to the committee hearing, the procedures applicable to long-term out-of-school suspensions must be followed and the student must be given the opportunity to appeal any adverse decision to the Board of Education.

METHOD OF APPEAL TO THE SUPERINTENDENT, DESIGNEE OR DISTRICT COMMITTEE

An appeal can be presented by letter to the Superintendent. If no appeal is received within five (5) calendar days after the site committee's decision is received by the parent/guardian or student, the committee's out of school suspension decision will be final.

The Superintendent, designee, or District administrative committee should hold a conference with the parent or guardian as soon as possible after receipt of the appeal. The appeal will be held during the regular school hours, Monday through Friday, with consideration given to the hours of working parents/guardians whenever possible.

At the conference, the Superintendent or designee will read the policy, rule, or regulation which the student is charged with violating and will briefly outline the conduct on the part of the student. The parent/guardian should be asked by the Superintendent or designee if the rule and the charges against the student are understood. The Superintendent or designee will notify the parents/guardians of whether the school suspension will be sustained, rescinded, or modified. The decision of the committee shall be final and non-appealable.

STUDENT RESTRICTIONS DURING OUT-OF-SCHOOL SUSPENSION OR DURING OTHER DISCIPLINARY OR CORRECTIONAL MEASURES

Participation in the extracurricular activities of the school is a privilege and not a right. Accordingly, when a student's behavior results in a determination by the principal of an out-of-school suspension, the student immediately forfeits the privilege of participating in all extracurricular activities of the school, notwithstanding the filing of an appeal. In addition, when a principal determines to impose alternative in-school disciplinary or other correctional measures against a student, then the student will not be permitted to participate in any extracurricular activities offered by the school during the term of the discipline, unless, in the sole judgment of the principal, such participation is appropriate given the nature of the offense committed by the student. An exception may be made by the suspending principal in collaboration with the Director of Community Education for the student to attend Community Education night or summer school classes.

“Extracurricular activities” includes, but is not limited to, all school sponsored teams, clubs, organizations, ceremonies, student government, band, orchestra, vocal music, athletics and all other school sponsored activities and organizations.

EDUCATION PLAN FOR SUSPENDED STUDENTS

The Plan shall provide for the core units in which the student is enrolled. Core units shall consist of the minimum English, Mathematics, Science, Social Studies, and Fine Arts units required by the Oklahoma State Department of Education for grade completion in grades kindergarten through eight and for high school graduation in grades nine through twelve.

In the event of a suspension for any of the reasons listed above, an education plan shall be applicable. However, no education plan shall be necessary for possession of a dangerous weapon or a controlled dangerous substance.

A copy of the education plan shall be provided to the student and parent or guardian. The parent or guardian shall be responsible for provision of a supervised, structured environment in which the parent or guardian shall place the student. The parent or guardian shall bear responsibility for monitoring the student’s educational progress until the student is readmitted into school. The education plan shall set out the procedure for education and shall also address academic credit for work satisfactorily completed.

It shall be the responsibility of the site principal or his/her designee to develop the education plan for the suspended student, inform the parents or guardians, and determine the components necessary to receive academic credit in the specified core units.

Students suspended for violent behaviors or who are considered to be dangerous to themselves or others (as determined by the principal) will not be permitted as part of the education plan to come on the campus to pick up academic work. The parent or guardian of these students should pick up and return the academic work.

POLICY FOR THE SUSPENSION OF STUDENTS WITH DISABILITIES

SHORT-TERM SUSPENSION

The District will follow the same policy and procedures for the suspension of students in conjunction with the short-term suspension of students without disabilities.

LONG-TERM SUSPENSION

Before implementing the suspension of a student with a disability for eleven (11) or more consecutive school days, the District will notify the student’s parent or guardian in writing of the proposed suspension and convene a meeting of the student’s Individualized Education Plan (I.E.P.) team or 504 accommodation plan team to discuss additional concerns and delivery of services during the suspension.

EMERGENCY SUSPENSION

If the student poses an immediate threat to his/her own safety or to the safety of others, the District may immediately suspend the student for up to ten (10) school days. During the suspension period, the student’s team will meet to determine whether the misbehavior is related to the student’s disability and whether further evaluation is necessary.

GUN-FREE SCHOOLS STUDENT SUSPENSION POLICY

It is the policy of the Jenks School District that any student who is determined to have brought a weapon to a school under the jurisdiction of the District shall be suspended out of school for a period of not less than one (1)

year.

Any out-of-school suspension imposed under this policy may be modified for any student on a case-by-case basis by the Superintendent.

For the purposes of the Gun-Free Schools Student Suspension Policy the following definitions shall apply:

1. The term "weapon" means a firearm as such term is defined in Section 921 of Title 18 of the United States Code.
2. The term "chief administrative officer" means the Superintendent of Schools or the Board of Education of the District.
3. The term "determined to have brought a weapon to a school under the jurisdiction of the District" means any student being in possession or control of a weapon on property owned, leased or rented by the District, including, but not limited to, school buildings, parking lots, and motor vehicles and any student who is in possession or control of a weapon at any District sponsored function regardless of whether such function is conducted on District property.

Enforcement of this policy shall be consistent with state and federal laws dealing with discipline of students with disabilities.

It is the policy of this District to refer to the appropriate criminal justice or juvenile delinquency system any student who violates this policy. Any firearm seized from a student by any school employee shall immediately be delivered to a law enforcement authority for disposition pursuant to applicable law.

Any out-of-school suspension initiated pursuant to this policy shall be subject to the procedural safeguards set forth in the District's policy for the out-of-school suspension of students.

Before the District, through its designated representatives, recommends out-of-school suspension, alternative in-school placements including, but not limited to: placement in an alternative school setting, reassignment to another classroom, placement in in-school detention, or other available disciplinary or correctional options shall be considered. These shall not be considered as an out-of-school suspension, but shall be treated as disciplinary or correctional actions that may be used, if warranted, as an alternative to out-of-school suspension and as a part of the chief administrative officer's case-by-case review of violations of this policy.

Consistent with Oklahoma law, for an out-of-school suspension under this policy, no education plan shall be implemented during the term of the suspension.

This policy applies only to students who are determined to have brought a weapon to school under the jurisdiction of the District, as defined above; current District policy on student suspensions for non-weapon violations are unaffected by this policy.

WEAPONS POLICY

In order to provide a safe environment for the students and staff of the Jenks School District, the Board of Education adopts this policy prohibiting the possession and/or use of dangerous weapons, replicas or facsimiles of dangerous weapons and items or instrumentalities which are used to threaten harm or are used to harm any person.

Dangerous weapons are a threat to the safety of the students and staff of the District. In addition, possession of dangerous weapons, or replicas or facsimiles of dangerous weapons, disrupts the educational process and interferes with the normal operation of the District.

For the foregoing reasons and except as specifically provided, possession by any student of a dangerous weapon, as that term is defined in this policy, or a replica or facsimile of a dangerous weapon, while on school property, at a school-sponsored activity, or on a school bus or vehicle, is prohibited. Further, use of any item or instrumentality by a student to threaten harm to any person or which is used to harm any person, while on school property, at a school-sponsored activity, or on a school bus or vehicle, is prohibited.

For purposes of this policy, "possession of a dangerous weapon" includes, BUT IS NOT LIMITED TO, any person having a dangerous weapon: (1) on his person; (2) in his locker; (3) in his vehicle; (4) held by another person for his benefit; or (5) at any place on school property, a school bus or vehicle, or at a school activity.

A dangerous weapon includes, BUT IS NOT LIMITED TO, firearms as defined in Section 922 of Title 18 of the United States code; air gun or spring gun; BB gun; hand grenades; fireworks; slingshot; bludgeon; blackjack; brass knuckles or artificial knuckles of any kind; nun-chucks; dagger; bowie knife; dirk knife; butterfly knife; shotgun shell knife; any knife, regardless of the length or sharpness of the blade; any knife the blade of which can be opened by a flick of a button or pressure on the handle; any pocketknife, regardless of the length or sharpness of the blade; any pen knife; "credit card" knife; laser light; garrote; razor; dart; ice pick; explosive smoke bomb; incendiary device; sword cane; hand chains; firearm shells or bullets and any replica or facsimiles of any the foregoing items; or any item or instrumentality which is used to threaten harm or is used to harm any person. The foregoing list of "dangerous weapons" is descriptive and by way of example only and is not to be considered an exclusive or limiting list of dangerous weapons.

Any student in possession of a dangerous weapon, or replica or facsimile of a dangerous weapon, in violation of this policy or who uses any item or instrumentality to threaten harm to any person or is used to harm any person may be placed under emergency suspension from school, pending an investigation of the incident by the appropriate school or legal authorities. Students who violate this policy will receive the minimum consequences as defined below up to the maximum suspension authorized by law.

Because Jenks School District has zero tolerance for weapons being brought, used, or possessed at school, on school property, or at school related functions an automatic minimum disciplinary consequence will be given to the following grade levels: elementary students (K-4) will be placed a minimum of one (1) day in the In-School Intervention Program, intermediate students (grades five [5] and six [6]) will be placed a minimum of two (2) days in the In-School Intervention Program, and middle school and high school students will be placed a minimum of three (3) days in the In-School Intervention Program. In cases where Campus Police are notified, they will send a report to the district attorney's office who will then decide if charges will be filed.

If a teacher or other school employee has a reasonable suspicion to believe that a student is in possession of a dangerous weapon, or a replica or facsimile of a dangerous weapon, the teacher or employee shall immediately investigate the matter and shall confiscate any such weapon found if this can be accomplished without placing any students or staff in jeopardy, and shall immediately notify the principal or the principal's designee. If the teacher or employee does not believe that the weapon can be confiscated safely, the teacher or employee shall immediately notify the principal or the principal's designee of the situation.

If the principal or his designee learns that a student is believed to be in possession of a dangerous weapon or replica or facsimile thereof, the principal or designee shall observe the following procedure:

1. Immediately investigate the matter and contact the campus police, if appropriate.
2. If not already confiscated by an employee of the District and if it can be accomplished without risk of injury, the principal or designee should take possession of the dangerous weapon or replica or facsimile.
3. Notify the student's parents/guardians.
4. Cooperate fully with the campus police.
5. Attempt to transfer confiscated weapon to the police department, if feasible.
6. Notify the Superintendent of Schools or designee.

A student who has been suspended from another District because of the possession of a dangerous weapon, or replica or facsimile of a dangerous weapon, shall not be accepted as a transfer student into the District.

An exception to this policy may be granted for students participating in an authorized curricular or extracurricular activity or team involving the use of demonstration of a dangerous weapon, or replica or facsimile of a dangerous weapon. For this exception, prior written approval by the principal, in consultation with the Superintendent of Schools, is required.

A student's inadvertent or unintentional possession of a dangerous weapon or replica or facsimile there- of on

school property, a school bus, or vehicle, or at a school activity is no defense or excuse to compliance to this policy, but may be considered in determining the length or severity of any punishment for violation of this policy.

A student's previous discipline reports, student's history, parent/guardian and teacher input, and other relevant circumstances may be considered in determining disciplinary consequences.

Notwithstanding any of the foregoing provisions, rights of due process for all students and rights of disabled students must be observed in accordance with applicable law and school Board policies.

Consistent with Oklahoma law, for an out-of-school suspension, no education plan shall be implemented during the term of any suspension of a student possessing a dangerous weapon in violation of this policy.

CONFISCATED PROPERTY

Confiscated property may be returned after proof of ownership is verified; and verification of no pending or possible criminal charges. Campus police will confiscate weapons pursuant to OS Title 21, Section 1271.1.

The confiscated property may be released to the parent or guardian after the conclusion of disciplinary action and/or criminal investigation. Criminal investigations will require prosecutor's office disclaimer and/or court order.

STUDENT ATHLETE POLICY ON TOBACCO, ALCOHOL, AND OTHER ILLEGAL DRUGS POLICY

The purpose of this Policy is to prevent tobacco, alcohol, and other illegal drug use, to educate student athletes as to the serious physical, mental, and emotional harm caused by tobacco, alcohol, and other illegal drug use, to alert student athletes with possible substance abuse problems to the potential harms of use, to prevent injury, illness and harm as a result of tobacco, alcohol, and other illegal drug use, and to strive within the Jenks School District for an athletic environment free of tobacco, alcohol, and other illegal drug possession and use. This Policy in its entirety may be found in the Policies and Regulations of the Board of Education.

STUDENT POSSESSION, USE, OR DISTRIBUTION OF ALCOHOL AND ILLEGAL DRUGS

Possession, use, administration, distribution, sale, conspiracy to sell or possess or being in the chain of sale or distribution, or being under the influence of alcoholic beverages and/or controlled substances is illegal and will not be tolerated at Jenks Public Schools or at any school-related functions. Law enforcement agencies, parents, and/or guardians will be notified. Drug offenses occurring during the seventh and eighth grades shall be cumulative for the duration of the student's middle school career. Drug offenses occurring in grades nine through twelve (9-12) shall be cumulative throughout the student's high school career. Students in violation of this policy will receive suspension as follows:

Use, Possession, or Purchase

Any student purchasing or exhibiting evidence of use, possession, or purchase of a controlled or illegal drug, counterfeit or imitation drug, barbiturate, inhalant, alcoholic or low-point beer, any other abusable chemical substance or related paraphernalia will receive the following discipline.

First Offense

Ten (10) days of off-campus suspension, followed by twenty-five (25) days of In-House Intervention, which may be reduced by fifteen (15) days pending participation in Student Assistance Programs. Five (5) days reduced for professional drug/alcohol evaluation/assessment and an additional ten (10) days reduced for attending four (4) outpatient counseling sessions when recommended by the provider conducting the assessment. If outpatient counseling is not recommended by the provider, the student may satisfy the counseling requirement by attending four (4) hours of drug/alcohol education. The student or his/her parent/guardian must make arrangements to reduce the 25 days of in-house intervention no more than five (5) days from the first day of in-house served. Otherwise, the full 25 days will be served.

Student will be suspended from participation in all extracurricular activities (including meetings, practices, performances, games and competitions) during the time of in-school intervention. The District Student Athlete Contract is supplemental to this policy (an athlete will be required to miss a minimum of two (2) games or competitions).

High school students only – Student will lose his/her parking decal and parking privileges for the remainder of the current semester and/or the following semester. He/she will have the option of regaining parking privileges by undergoing two (2) successful, random drug tests at his/her own expense within sixty (60) days following the dates of suspension.

Second and Subsequent Offenses

Ninety (90) days off-campus suspensions, which may be reduced to sixty (60) school days pending participation in weekly drug/alcohol outpatient services beginning within two weeks of the suspension and the production of a monthly, negative screen for alcohol and drugs. The student must produce a clean drug screen administered by a professional drug testing lab, as well as documentation from the outpatient counseling provider that the student has been in attendance at weekly sessions during the duration of the suspension, in order to re-enter school at the sixty (60) day mark.

Drug offenses occurring during the seventh and eighth grades shall be cumulative for the duration of the student's middle school career. Drug offenses occurring in grades nine through twelve (9-12) shall be cumulative throughout student's high school career.

In some cases, students may be offered the option of an online alternative program. The suspension will be reduced to ten (10) days, during which time the student will be required to complete and/or initiate any requisite screenings, assessments, contacts or other actions as determined by the appropriate administrator. After ten (10) school days, if documentation is produced by the student indicating that the required actions have been completed, the student will be enrolled in the online educational program.

Selling or Distributing

Any student found guilty of selling or distributing of a controlled or illegal drug, counterfeit or imitation drug, barbiturate, inhalant, alcoholic or low-point beer, any other abusable chemical substance or related paraphernalia will be suspended as follows:

First Offense

Suspension for the remainder of the current and/or following semester. In some cases, students may be offered the option of an online alternative program. The suspension will be reduced to ten (10) days, during which time the student will be required to complete and/or initiate any requisite screenings, assessments, contacts or other actions as determined by the appropriate administrator. After ten (10) school days, if documentation is produced by the student indicating that the required actions have been completed, the student will be enrolled in the online educational program.

Definitions related to drugs and alcohol:

- "School-related functions" include, but are not limited to, activities taking place before school, during the regular school day, after school, weekends and at any other school where Jenks students are participating in an activity.
- "Low-point beer" means and includes beverages containing more than one-half (1/2) of one (1) percent alcohol by volume, and not more than three and two-tenths (3.2) percent alcohol by weight.
- "Alcoholic beverage" means alcohol spirits, beer, and wine as those terms are defined herein and also includes every liquid or solid, patented or not, containing alcohol, spirits, wine, or beer and capable of being consumed as a beverage by human beings. "Abusable chemical" means drug, substance, or immediate precursor, included in but not limited to:

1. opiates, including their isomers, esters, ethers, salts, and salts of isomers, esters and ethers;
2. any opium derivatives, their salts, isomers and salts of isomers;

3. any material, compound, mixture, or preparation which contains any quantity of any substance having a potential for abuse associated with a depressant or stimulant effect on the central nervous system.

NOTE: All controlled dangerous substances are listed in Schedules I through V of Article II of OS Title 63, Section 2-101.

TESTING STUDENTS WITH REGARD TO THE USE OF ALCOHOL AND ILLEGAL CHEMICAL SUBSTANCES

The Board of Education, with the intent that all students have notice and knowledge of the ramifications concerning alcohol and illegal chemical substance use, possession, purchase, sale or distribution when the student is on school property, at a school sponsored event, in school vehicles, or going to or from a school sponsored event hereby adopts the following policy.

STATEMENT OF PURPOSE AND INTENT

The safety of students and employees of the School District is of paramount concern to the Board of Education. Students who are under the influence of alcohol or an illegal chemical substance when the student is on school property, at a school sponsored event, in school vehicles, or going to or from a school sponsored event pose serious safety risks to students, employees and the public.

The Board recognizes that all students have certain personal rights guaranteed by the Constitutions of the United States of America and the State of Oklahoma. This Policy will not infringe on those rights. However, due to the devastating impact that the use by students of alcohol and illegal chemical substances can have on the safety of students and employees and their adverse effect on a student's ability to perform as a student, the Board will not tolerate the behavior of students who use, possess, distribute, purchase, sell or are under the influence (as defined in the Policy) of alcohol or illegal chemical substances while on school property, at a school sponsored event, in school vehicles, or going to or from a school sponsored event.

This Policy will apply to all students of the School District, and Violations of this Policy will subject the student to disciplinary action, including out-of-school suspension from school.

DEFINITIONS

"Illegal chemical substance" means any substance which an individual may not sell, possess, use, distribute or purchase under either Federal or Oklahoma law. "Illegal chemical substance" includes, but is not limited to, all scheduled drugs as defined by the Oklahoma Uniform Controlled Dangerous Substances Act, all prescription drugs obtained without authorization and all prescribed drugs and over the counter drugs being used for an abusive purpose. By way of example only, the drugs which may be tested for are: amphetamines, cannabinoids, cocaine, phencyclidine (PCP), hallucinogens, methaqualone, opiates, barbiturates, benzodiazepines, synthetic narcotics, designer drugs, or any metabolite of any of these substances.

"Alcohol" means ethyl alcohol or ethanol and includes "low point" beer.

"Under the influence" means any student of the School District who has any alcohol or illegal chemical substance or the metabolites thereof present in the student's body in any amount which is considered to be "positive" for such alcohol or drug or drug metabolites using any scientifically substantiated alcohol or drug use screen test and alcohol or drug use confirm test.

"Positive" when referring to an alcohol or drug use test administered under this Policy means a toxicological test result which is considered to demonstrate the presence of alcohol or an illegal chemical substance or the metabolites thereof using the cutoff standards or levels determined by the State Board of Health for drug or alcohol testing of students or in the absence of such State Board cutoff levels, the cutoff levels customarily established by the testing laboratory administering the alcohol or drug use test.

"School property" means any property owned, leased or rented by the School District, including but not limited to

school buildings, parking lots and motor vehicles.

"Drug or alcohol use test" means a chemical test administered for the purpose of determining the presence or absence of alcohol or illegal chemical substances or their metabolites in a student's blood, bodily tissue, fluids, products, urine, breath or hair.

"Reasonable suspicion" means a belief that a student is using or has used alcohol or drugs in violation of this Policy drawn from specific objective and articulable facts and reasonable inferences drawn from those facts in the light of experience, and may be based upon, among other things:

- i) Observable phenomena, such as:
 - (1) the physical symptoms or manifestations of being under the influence of alcohol or a drug while on school property, at a school sponsored event, in school vehicles, or going to or from a school sponsored event, or
 - (2) the direct observation of alcohol or drug use while on school property, at a school sponsored event, in school vehicles, or going to or from a school sponsored event;
- ii) A report of drug or alcohol use while on school property, at a school sponsored event, in school vehicles, or going to or from a school sponsored event, provided by reliable and credible sources as determined by an administrator;
- iii) Evidence that a student has tampered with an alcohol or drug test;
- iv) Evidence that a student is involved in the use, possession, sale, administration, solicitation or transfer of alcohol or drugs while on school property, at a school sponsored event, in school vehicles, or going to or from a school sponsored event.

PROCEDURES FOR ALCOHOL OR ILLEGAL CHEMICAL SUBSTANCE TESTING

Any alcohol or drug use test administered under the terms of this Policy will be administered by or at the direction of a professional laboratory licensed by the Oklahoma State Department of Health and using scientifically validated toxicological methods that comply with rules promulgated by the State Department of Health. The professional laboratory shall be required to have detailed written specifications to assure chain of custody of the samples, proper labeling, proper laboratory control and scientific testing. All aspects of the alcohol and drug use testing program, including the taking of samples, will be conducted so as to safeguard the personal and privacy rights of students to the maximum degree possible and shall be conducted under reasonable sanitary conditions. The test sample shall be obtained in a manner which minimizes its intrusiveness.

FORM TO LIST MEDICATIONS

In the case of urine samples, the samples must be collected by a test monitor of the same sex as the student in a restroom or other private facility behind a closed stall; a sample shall be collected in sufficient quantity for splitting into two (2) separate samples, pursuant to rules of the State Board of Health, to provide for any subsequent independent confirming analysis of the first sample; the test monitor shall not observe any student while the sample is being produced but the test monitor may be present outside the stall to listen for the normal sounds of urination in order to guard against tampered samples and to insure an accurate chain of custody; and the test monitor may verify the normal warmth and appearance of the sample. If at any time during the testing procedure the test monitor has reason to believe or suspect that a student is tampering with the sample, the test monitor may stop the procedure and inform the test coordinator. The test monitor shall be of the same gender as the student giving the sample.

If a student is determined to have tampered with any specimen or otherwise engaged in any conduct which disrupts the testing process of any student, then the student will be deemed to have violated this policy and will be subject to disciplinary action, including out-of-school suspension from school.

Each student shall be given a form on which the student may, but shall not be required to, list any medications he has taken or any other legitimate reasons for his having been in recent contact with alcohol or illegal chemical substances. If the initial drug use test is positive for the presence of an illegal chemical substance or the metabolites thereof, the initial test result will be subject to confirmation by a second and different test of the same sample. The second test will use the gas chromatography/mass spectrometry technique or an equivalent scientifically accepted method of equal or greater accuracy with rules and cutoff levels approved by the State Board of Health. A student will not be subject to disciplinary procedures unless

the second test is positive for the presence of illegal chemical substances or the metabolites thereof. If an initial alcohol use test is positive for the presence of alcohol, the initial test result will be subject to confirmation by a second test using any scientifically accepted method with rules and cutoff levels approved by the State Board of Health. Upon written request, the student will be furnished with a free copy of all test results performed under this Policy. All test records and results will be confidential and kept in files separate from the student's cumulative records. All tests required of a student by the School District under this Policy shall be at School District expense. Any student who is subject to disciplinary action as a result of being under the influence of alcohol or an illegal chemical substance while on school property, at a school sponsored event, in school vehicles or going to or from a school sponsored event will be given a reasonable opportunity, in confidence, to explain or rebut the alcohol or drug use test results. If the student asserts that the positive test results are caused by something other than consumption of alcohol or an illegal chemical substance by the student, then the student will be given an opportunity to present evidence that the positive test result was produced by something other than consumption of alcohol or an illegal chemical substance. The School District will rely on the opinion of the District's laboratory which performed the tests in determining whether the positive test result was produced by other than consumption of alcohol or an illegal chemical substance. The laboratory reports and results of alcohol and drug use testing will be maintained on a confidential basis except as otherwise required by law. The laboratory performing alcohol or drug use tests for the School District will not report on or disclose to the School District any physical or mental condition affecting a student which may be discovered in the examination of a sample other than the presence of alcohol or illegal chemical substances or the metabolites thereof. The use of samples to test for any other substances will not be permitted.

STUDENT ALCOHOL AND DRUG USE TESTS - WHEN REQUIRED

Any student whose behavior while on school property, at a school sponsored event, in school vehicles, or going to or from a school sponsored event creates a reasonable individualized suspicion that the student is under the influence of alcohol or an illegal chemical substance may be required to take an alcohol and/or drug use test. Nothing in this policy shall require alcohol and/or drug use testing of any student nor prohibit the School District from disciplining any student in the absence of an alcohol or drug use test of the student.

ANY STUDENT WHO REFUSES TO TAKE AN ALCOHOL OR DRUG USE TEST WHEN SO REQUIRED UNDER THE PROVISIONS OF THIS POLICY WILL BE DEEMED TO HAVE VIOLATED THIS POLICY AND WILL BE SUBJECT TO DISCIPLINARY ACTION INCLUDING OUT-OF- SCHOOL SUSPENSION FROM SCHOOL TO THE SAME EXTENT AS IF THE STUDENT TESTED POSITIVE FOR THE PRESENCE OF ALCOHOL OR ILLEGAL CHEMICAL SUBSTANCES.

CHILD FIND/IDENTIFICATION, LOCATION, AND EVALUATION

In accordance with the requirements of the Individuals with Disabilities Education Act, the State Department of Education, Section 504 of the Rehabilitation Act, and Title II of the Americans with Disabilities Act the district will identify, locate, and evaluate students suspected of having a disability, ages 3 through 21, who may need special education and related services, regardless of the severity of the disability. These child find/identification, location and evaluation activities will be conducted throughout the year by the district in coordination with the Oklahoma State Department of Education. Personally identifiable information shall be collected and maintained in a confidential manner in carrying out the following activities:

Child Find/Identification

The district will identify, locate, and evaluate students suspected of having a disability, ages 3 through 21, who may need special education and related services, regardless of the severity of the disability or whether the student is advancing from grade to grade. The district will coordinate with other agencies, private, and charter schools within the district geographical boundaries. Some private schools may qualify for federal funds. Public awareness of the opportunities available to home schooled or highly mobile or homeless students will be promoted as well.

Referral

Students pre-kindergarten through twelfth grade who are suspected of having disabilities which may require special and related services may be referred for evaluation through the local schools. Local Districts coordinate with the Sooner Start Early Intervention Program in referrals for eligible students beginning at three (3) years of age.

Evaluation

Under the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act, and Title II of the Americans with Disabilities Act evaluation is defined as procedures used in accordance with federal laws and regulations to determine whether a child has a disability and the nature and extent of the special education services and/or accommodations that the child may need.

Written consent of the parent/guardian for such evaluation must be on file with the District prior to any child receiving an initial evaluation to determine eligibility for special education services. This evaluation denotes procedures used selectively with an individual child and does not include basic tests administered or procedures used with all children in a school, grade, or class.

Collection of Personally Identifiable Information

Educational records containing personally identifiable information collected by schools in the identification, location, screening, and evaluation of children shall be maintained in accordance with Family Educational Rights and Privacy Act (FERPA) and the Policies and Procedures for Special Education in Oklahoma. Parents/guardians may obtain a copy of the local policy from the local District's administrator.

Before any major identification, location, or evaluation, schools shall provide notice to parents/guardians. Accommodations for other languages or means of communications may be provided upon request. Such notice shall occur at least annually prior to conducting these activities and shall include the rights of parents/guardians under FERPA.

CLASSROOM VISITATION BY OTHERS

The District also permits others with a legitimate educational reason to observe in a school or classroom. Examples of this group might be visiting educators, intern teachers or education students doing a practicum. All visitors must adhere to admittance procedures established by District policy.

Further, the District permits observation of a specific student by non-school affiliated professionals with a legitimate educational reason to conduct an observation. Examples of this group might include a social worker or a psychologist. The person wishing to observe must first make a written request to the site principal. The principal will also require written authorization from the child's parent/guardian or a court order.

The principal will make the final decision whether to grant or deny a request or seek additional information. The principal may limit or deny subsequent observations if, in the principal's discretion, the observations are or may become detrimental to the educational process.

COLLECTION OF PERSONALLY IDENTIFIABLE INFORMATION

Educational records containing personally identifiable information collected by schools in the identification, location, screening, and evaluation of children shall be maintained in accordance with Family Educational Rights and Privacy Act (FERPA) and the Policies and Procedures for Special Education in Oklahoma. Districts develop and implement a local policy regarding the collection, storage, disclosure, and destruction of confidential student records. Parents/guardians may obtain a copy of the local policy from the local District's administrator.

Before any major identification, location, or evaluation, schools shall provide notice to parents/guardians. Accommodations for other languages or means of communications may be provided upon request. Such notice shall occur at least annually prior to conducting these activities and shall include the rights of parents/guardians under FERPA.

For further information, contact the office of Student Programs.

COMMUNICATION BETWEEN HOME AND SCHOOLS

The school and individual teachers strive to provide regular communication regarding the students and school activities i.e., newsletters, principal and District bulletins, phone master student agenda, E-mail, and Web sites. Thursday folders will contain all weekly information.

A parent/guardian who has a concern or problem involving his/her child should first contact the child's teacher to discuss this concern.

COPYRIGHT POLICY

It is the intent of Jenks Public Schools to adhere to the provisions of the copyright law (Title 17 of the U.S. Code) as they affect the District and its employees. While the law identifies some "fair use" provisions, it also defines specific restrictions on the reproduction of copyrighted materials. A copyright is a property right; willful infringement of a copyright can result in criminal prosecution. It is the position of Jenks Public Schools that copyrighted materials, whether they are print or non-print, will not be duplicated unless such reproduction meets "fair use" standards or unless written permission from the copyright holder has been received. Illegal copies of copyrighted materials may not be made or used on District equipment.

Congress has identified four (4) criteria to be balanced in considering questions of "fair use": the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes; the nature of the copyrighted work; the amount and substantiality of the portion used in relation to the copyrighted work as a whole; and the effect of the use upon the potential market for or value of the copyrighted work.

In an effort to discourage violation of the copyright law and to prevent such illegal activities: The Jenks Public Schools Copyright Policy will be printed in all employee and student handbooks of the. Employees who willfully disregard the District's copyright position are in violation of Board policy; they do so at their own risk and assume all liability responsibility. The legal and/or insurance protection of the District will not be extended to anyone who violates the fair use standards of this policy.

Standardized tests are copyrighted and confidential and cannot be copied or given to parents/guardians. Parents/guardians may receive and review test scores.

Copyright law also addresses the use of videos in educational settings. For a video to meet copyright law, the use must meet all four (4) of the following criteria: The video must be legally made or acquired, and the use

of the video must take place in a classroom or other place of instruction, and be directed by students or teachers of the institution in the course of face-to-face teaching activities.

COST OF SCHOOL SUPPLIES

Though school supplies, uniforms, etc. may at times be required for students to participate fully in courses, it is not the intent of Jenks Public Schools to prevent any student from participating in a class or class related activity due to cost or need of scholarship. Teachers may be contacted for additional information concerning the exact costs involved. Counselors should be contacted if a scholarship is needed.

CUSTODIAL AND NONCUSTODIAL PARENTAL RIGHTS

It is a policy of the Board of Education that a parent who is awarded legal custody of a child by court action shall file a copy of the current court decree awarding such custody with the school. Both custodial parents and non-custodial parents who have visitation rights will be allowed to pick up students after school or appoint a designee to pick up students on their respective visitation days. If a non-custodial parent appoints a designee to pick up a student after school, the non-custodial parent must notify the school office on a case-by-case basis. Only the custodial parent may enroll a child in school, withdraw a child from school, sign and approve official school documents, and grant early checkout from school. Absent a court decree to the contrary, both natural parents have the right to view the student's school records; to receive school progress reports; to visit the child briefly at school; and to participate in parent teacher conferences (not necessarily together in the same conference).

DEFINITIONS

Race shall be used throughout this policy to refer to discrimination prohibited by various federal guidelines on the basis of race, color, and national origin.

Harassment interferes with or limits the ability of the student to participate in or benefit from the services, activities, or privileges provided by the District.

Racial harassment occurs when: (a) incidents involving harassment consist of different treatment of students on the basis of race, color, or national origin, by District staff, acting within the scope of their official duties; and/or (b) a racially hostile environment exists.

A racially hostile environment exists if racial harassment is knowingly created, encouraged, accepted, tolerated or left uncorrected by the District. A racially hostile environment may include, but is not limited to, harassing conduct (e.g., physical, verbal, nonverbal, psychological, graphic, written, or other demonstrative actions) that is pervasive or persistent.

Accordingly, the District expressly prohibits the discrimination or different treatment of its students, staff, and/or parents on the basis of race by staff or employees acting within the scope of their official duties. Individuals may not be excluded from participation in, be denied benefits of, or otherwise be subjected to discrimination on the grounds of race, color, or national origin. The existence of a racially hostile environment that is knowingly created, encouraged, accepted, tolerated, or left uncorrected by staff is a violation of this policy. In addition, the District prohibits student-to-student conduct that is discriminatory, is racially harassing, or creates a racially hostile environment.

It is a violation of District policy for staff, students, or parents to initiate any action as a reprisal against staff or students for reporting racial discrimination or a racially hostile environment. Any allegation of racial harassment or of a racially hostile environment which is made with intentional effort to abuse this policy is a violation of District policy.

Employees, students, and parents who believe that they have been discriminated against are encouraged to contact the appropriate District official, as outlined in the procedures below, with complaints. District staff

shall promptly investigate all allegations of racial discrimination or racially hostile environment, and shall take prompt and appropriate action. Failure to take appropriate action is a violation of this policy.

DIGITAL MEDIA USE GUIDELINES

For digital media to meet copyright law, the use must meet all four (4) of the following criteria:

- 1) The digital media must be legally made or acquired;
- 2) The use of the digital media must take place in a classroom or other place of instruction;
- 3) The use of the video must be directed by students or teachers of the institution; and
- 4) The use of the video must be in the course of face-to-face teaching activities.

Fair use interpretations give further requirements for legal use of digital media:

1. Digital media, including those labeled "For Home Use Only," may be shown if they are District purchased, rented, or legally acquired by a family or staff member and they are shown in settings that meet the four (4) criteria listed above.
2. Digital media recorded from broadcast programming (off-air recording) may be shown if they are acquired from regular broadcast television i.e., those stations received without cable and/or satellite transmission, particular program specifies education rights for recording, the recording is the first and only recording of a program by the same teacher, and the digital media meets the four (4) criteria listed above.
3. Digital media that has been downloaded/streamed must include copyright information, remain in their original content form (not altered or edited), be discarded/erased at the end of forty-five (45) (unless specific written permission has been granted), and be shown within the first ten (10) school days after downloading/streaming (once for instruction and once for reinforcement). Students who were absent may view the video but only within the first ten (10) days.

For videos and resources from outside the Jenks Public Schools District, teachers must complete either of these forms: Classroom Use of *Electronic Digital Media (Elementary)* (Form #10-097) or *Outside Resource Request (Secondary)* (Form #3-171).

Unless approved by a principal, digital media will be shown in 15-20 minute segments to reinforce specific content required in the curriculum and/or to teach or clarify a concept more effectively than a given textbook. In addition, teachers must preview digital media for appropriateness before use in the classroom.

DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act require that the District, with certain exceptions, obtain written consent prior to the disclosure of personally identifiable information from the student's education records. However, the District may disclose appropriately designated "directory information" without written consent, unless the District is advised to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the District to include this type of information from the student's education records in certain school publications. Examples include:

1. A playbill, showing the student's role in a drama production;
2. The annual yearbook;
3. Honor roll or other recognition lists;
1. Graduation programs; and
2. Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent/guardian's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents/guardians have advised the LEA that they do not want their student's information disclosed without their prior written consent.

The District has designated the following information as "directory information," and it will disclose that information without prior written consent:

1. The student's name;
2. The names of the student's parents/guardians;
3. The student's address;
4. The student's telephone listing;
5. The student's electronic mail address;
6. The student's date and place of birth;
7. The student's dates of attendance;
8. The student's grade level (i.e., first grade, tenth grade, etc.);
9. The student's participation in officially recognized activities and sports;
10. The student's degrees, honors and awards received;
11. The student's weight and height, if a member of an athletic team;
12. The student's photograph; and
13. The most recent educational agency or institution attended.

At the beginning of each school year, the list or revised list of the items of directory information will be presented to parents/guardians during the online registration process. Students who are new to the District will be presented with the directory information during the online enrollment process. Parents will indicate their consent during the registration/enrollment process. Parents may not opt out of disclosing directory information if the purpose is to prevent the disclosure of the student's name or institutional email address in a class in which the student is enrolled, or to prevent the school from requiring the student to wear a student ID badge.

The Director of Communications will approve/disapprove the submitted flier and an email will be sent from the online flier company to the requestor with the result. –No literature will be distributed that contains religious or political materials and/or advertising overtones which may be beneficial to any particular group or business at the expense of others.

EVALUATION

Evaluation means procedures used in accordance with Federal laws and regulations to determine whether a child has a disability and the nature and extent of the special education and related services that the child needs. The term means procedures used selectively with an individual child and does not include basic tests administered or procedures used with all children in a school, grade, or class. Written consent of the parent or legal guardian for such evaluation must be on file with the local District prior to any child receiving an initial evaluation for special education and related services purposes.

FIELD TRIPS

All field trips must be related to the curriculum, enhance learning and be grade level appropriate.

Procedures must be followed which include principal approval and a signed parent/guardian permission. Students without a signed permission form will remain at school. Students will be transported to and from a field trip by a school or commercially insured vehicle only. No private automobiles may be used to transport

students.

All discipline policies will be observed during field trips. Students are expected to follow bus safety rules and be respectful to others while being transported to and from the field trip destination.

Out of state travel requires the Superintendent's approval at least thirty (30) days in advance of the initial day of travel. Out of state travel requires the Superintendent's approval at least thirty (30) days in advance of the initial day of travel. In the interest of safety for students and staff, the Superintendent has the responsibility and authority to make the final decision as to whether or not a trip shall take place. There may be situations which will necessitate a last-minute cancellation of a trip, EVEN IF THE SUPERINTENDENT HAS PREVIOUSLY APPROVED SUCH TRAVEL. This could result in parents/guardians and students losing deposits, airfare costs, and other expenditures made prior to the travel. If a decision is made which results in money being lost, the District will not be responsible for reimbursing students and/or parents/guardians. Funds which have been deposited for a trip in a school activity account, but have not been spent or committed, may be refunded.

INSPECTION OF DATA COLLECTION INSTRUMENTS

The District will take appropriate steps in compliance with the Family Educational Rights and Privacy Act to protect student privacy in the event of such collection, disclosure or use of personal information collected from students for the purpose of marketing or selling that information or providing that information to others for that purpose. Parents/guardians and eligible students may inspect, upon request, any instrument used in the collection of such information before the instrument is administered or distributed to students. Review of such instruments shall be at a time mutually convenient to the principal involved and the parent/guardian. Any complaint by a parent/guardian regarding the parent's inability to inspect any such survey shall be addressed to the Superintendent, or his or her designee, who shall have final authority over the matter.

INSTRUCTIONAL MATERIALS SELECTION AND REVIEW

In order to promote transparency in the education process, the District's instructional materials will be available for parent review. All instructional materials, including teacher's manuals, audio visual, or other supplementary instructional material that will be used in connection with any survey, analysis, or evaluation as part of any applicable program shall be available for inspection by the parents/guardians of students in the District.

In order to review these materials, a parent should submit a written request to the Office of Teaching and Learning. The request must specify the class/subject, teacher, student's name, and the types of items being requested for review. Within ten (10) days, the Executive Director of Teaching and Learning will arrange for a mutually convenient time for the review or will notify the parent that a review cannot be permitted. If the parent's request to review the material is declined, the Executive Director of Teaching and Learning will provide the parent with an explanation of why the material is not available. All reviews will be conducted between the hours of 8:00 a.m. and 5:00 p.m. in the Education Service Center. Instructional materials may not be removed from the Education Service Center by the parent.

In the event the requested review is denied or after fifteen (15) days with no response from the Executive Director of Teaching and Learning, the parent may request this information through the Board of Education in accordance with the District's policy regarding parent rights.

PROTECTION OF PUPIL RIGHTS AMENDMENT

The Protection of Pupil Rights Amendment affords parents/guardians and students who are 18 or emancipated minors ("eligible students") certain rights regarding curriculum materials, surveys, collection and use of information for marketing purposes, and certain physical exams. For purposes of this policy, the following definitions apply:

"Instructional material" means instructional content that is provided to a student, regardless of its format, including printed or representational materials, audiovisual materials, and materials in electronic or digital formats (such as materials accessible through the internet). The term does not include academic tests or academic assessments.

"Invasive physical examination" means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

"Parent" includes a legal guardian or other person standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child). All rights provided to parents under this policy transfer to the student when the student turns 18 years old or is an emancipated minor at any age.

"Personal information" means individually identifiable information including a student or parent's first and last name; a home or other physical address (including street name and the name of the city or town); a telephone number; or a Social Security identification number.

"Survey" includes an evaluation.

HOMEWORK/MAKE-UP WORK

Homework is used primarily for independent practice, preparation, and/or extension of classroom assignments. Daily expectations will usually include reading and some mathematics practice. Homework may also include makeup work and/or completion of unfinished classroom assignments. Teachers will follow these timeframe guidelines in assigning homework.

K-2 nd	15-20 minutes
3 rd -4 th	20-30 minutes
5 th -6 th	30-45 minutes (The total amount of time assigned between the students two core teachers)

Completion of homework is the student's responsibility; however, students may seek help, if needed, from family members. It is also helpful to have a designated place for completing homework assignments.

If the student is absent from school, it is the student's responsibility to complete the work upon re- turn to school. The student will have at least the same number of days to complete makeup work as the number of days absent. If the student will be absent for an extended period of time, it is the parent/guardian's responsibility to contact the teacher regarding assignments.

INSURANCE

Student accident insurance is available to all students on a twenty-four (24) hour basis which includes coverage for all sports except football, or an at-school policy which covers the student during school hours. Athletic insurance will be made available to all students at the student's expense. The Jenks Board of Education does not assume responsibility for any athletic injuries to students. Any student participating in athletics must sign an insurance waiver or purchase the policy made available at the school.

INTERNET POLICY

JENKS PUBLIC SCHOOLS NETWORK AND INTERNET ACCEPTABLE USE POLICY

Purpose Statement

The Independent School District No. 05 of Tulsa County, Oklahoma (the "District") provides its students and employees with access to the District's computer network system, including Internet access, in an effort to

expand the informational and communication resources in furtherance of the District's goal of promoting student learning and educational excellence. The expanded use of these resources will enhance students' research capabilities, increase faculty and staff productivity and result in better communication between the District, parents, and other affiliates.

The Internet provides access to vast storehouses of information and instant communication with millions of people all over the world. Material is available that may not be considered to be of educational value by the District or which is inappropriate for distribution to children. The District will take available precautions, such as firewalls and content filters, to restrict access to inappropriate material. Under no circumstances are the users to attempt to bypass the firewalls, and/or content filters. The value of the information and interaction available on the Internet outweighs the possibility that students may procure material which is not consistent with the District educational goals. Internet access is coordinated through a complex association of government agencies, regional, and state networks. The efficient operation of the network relies upon the proper conduct of the end user and the user's adherence to generally accepted guidelines. The guidelines provided in this policy are designed to promote the efficient, ethical, and legal utilization of network resources. If a District user violates any of these provisions, the user's account will be terminated and future access could be denied.

Network and Internet Access - Terms and Conditions

Acceptable Use

The use of the District system, whether by students, faculty, or staff, must be in support of education and consistent with the goals and strategic objectives of the District. The transmission of any material in violation of federal or state law or regulation is prohibited. This includes, but is not limited to copyrighted material, threatening or obscene material, or material protected by trade secret. Use of the District system for commercial activities is not acceptable.

Parental Consent for Students

In order for a student to gain access to the District system, the student's parent or legal guardian must be provided a copy of the Network and Internet Acceptable Use Policy and sign the Student Internet/Computer Release Agreement requesting that his/her child be given Internet access under the terms and conditions described in this policy. Parents/guardians may withdraw their consent at any time. There is, however, a wide range of information available through the Internet, which is not appropriate for access by minors, has no educational value, or does not meet with the particular values of the families of the student. The District system contains devices and restrictions on use intended to prevent access to inappropriate material or information. It is impossible for the District to guarantee that students will not be exposed to inappropriate material through their use of the Internet. Therefore, the District believes that parents/guardians bear primary responsibility for communicating acceptable behavior and family values to their children. The District encourages parents/guardians to discuss with their children what material is and is not acceptable to access through the District system.

Privilege of Use

The District Network and Internet access is a privilege afforded to students, faculty, and other employees of the District. Use of these resources is a privilege. Inappropriate use as defined by the terms of this agreement will result in a cancellation of those privileges and/or disciplinary actions.

Inappropriate Use

Each system user will comply with all District policies governing Network and Internet access and to abide by generally accepted rules of network etiquette. These general rules include, but are not limited to, the following:

1. **Appropriate Language:** Do not use abusive language in messages to others. Be polite. Do not use obscene or profane language, vulgarities, and rude or disrespectful language. Do not engage in personal attacks or activities intended to distress or annoy another user.
2. **Student Safety Usage:** Do not reveal personal contact information. This information includes telephone

numbers and addresses. Do not use the Internet to arrange meetings with persons met on line. Users will promptly disclose to the teacher, District system administrator, or to any other member of the faculty or staff messages considered to be inappropriate.

3. **Electronic Mail:** Electronic mail (e-mail) is not a private communication. The District and system administrators have access to e-mail, e-mail accounts, and network activity. Accessing personal, home e-mail accounts and/or use of social media should not interfere with the performance of an employee's duties.
4. **Network Resources:** System users should not use the network in a way that will disrupt the use of the network for other users.
5. **Non-Educational Media:** Students are prohibited from transferring non-educational media through the District network. This includes, but is not limited to: software, games, video, and music (MP3 files). The downloading or use of software products that are used for data capturing is strictly prohibited.
6. **Personal Equipment:** Users are not allowed to use personal equipment (including laptop computers) to access the District's network without prior permission from the Information Technology Department. However, guest network access will be available to students enrolled in online courses or other visitors attending professional meetings. Individuals who are given permission to use personal equipment to access the guest network agree to waive any right to privacy which may exist in any file, data, E-mail, or other information that may be contained on the hardware.
7. **Servers:** There are many servers available for customers throughout Jenks Public Schools. When server use is appropriate, customers will be advised as to how to access the server and will be given appropriate credentials. **It is a violation of law to access or attempt to access servers without authorization. Violations will be criminally prosecuted.**

Limitation of Liability

The District makes no warranties of any kind, whether expressed or implied, for the services provided. The District will not be responsible for damages which users may suffer through use of the District system, or the Internet, including, but not limited to, loss of information or files or interruption of service. The District is not responsible for the accuracy or quality of information obtained through use of the District system or the Internet. The District is not responsible for financial obligations which may be incurred through use of the District system.

Security

Security on any computer system is a high priority, especially when the system involves multiple users. Users are responsible for their individual accounts and should take precautions to prevent others from accessing those accounts. Under no conditions should a user provide his/her personal password to another person. If a potential security problem has been identified on the District system or the Internet, the District Administrator must be notified immediately. Any attempt to log on to the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk or having a history of problems with the District system or any other computer system may be denied further access.

Vandalism

Vandalism of District hardware, software or the system itself will result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm or destroy the property or data of the District. This includes, but is not limited to, the uploading or creation of computer viruses or actions that disrupt all or a portion of the District's computer system. All system users shall avoid the accidental spread of computer viruses by strict adherence to District policies governing the downloading of software. No system user may use the system to "hack" or attempt to gain unauthorized access to any other computer system, network or site or any unauthorized portion of the District's system.

Inappropriate Material

Access to information shall not be restricted or denied solely because of the political, religious, or philosophical

content of the material. However, system users must realize that rights go hand-in-hand with responsibilities and agree not to use the District system to access information or to distribute information or material which is:

1. Obscene to minors, meaning material which, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors and when an average person, applying contemporary community standards would find that the written material, taken as a whole, appeals to an obsessive interest in sex by minors.
2. Libelous, meaning a false and unprivileged statement about a specific individual which tends to harm the individual's reputation.
3. Vulgar, lewd, or indecent material which, taken as a whole, an average person would deem improper for access by or distribution to minors because of sexual connotations or profane language.
4. Display or promotion of unlawful products or services, meaning material which advertises or advocates the use of products or services prohibited by law from being sold or provided to minors.
5. Group defamation or hate literature, meaning material which disparages a group or a member of a group on the basis of race, religious affiliation, ethnicity, national origin, gender identity or preference, handicapped condition, or which advocates illegal conduct, violence, or discrimination toward any particular group of people. This includes racial and religious epithets, slurs, insults and abuse.
6. Disruptive to school operations, meaning material which, on the basis of past experience or based upon specific instances of actual or threatened disruptions relating to the information or material in question, is likely to cause a material and substantial disruption of the proper and orderly operation of school activities or school discipline.

Application and Enforceability: The terms and conditions set forth in this policy shall be deemed to be incorporated in their entirety by the terms and conditions contained in this policy. The system user acknowledges that any violation of this policy may result in access privileges being revoked, disciplinary action being taken, or criminal prosecution.

Home Page and Web sites

Jenks Public Schools' Internet/Intranet home pages and Web sites are an important communication and information tool for the District. They must be monitored and updated on a regular basis to maintain a high standard of presentation and content. The Director of Communications, who serves as the District Webmaster, is responsible for the style, content, and presentation of the District's Internet/Intranet home pages and Web sites. All additions or deletions from the District home page and Web sites must be submitted to the Director of Communications for approval and posting. Individual sites and departments may have their own home pages. All home pages must adhere to this policy and the guidelines set forth by the Webmaster.

INTRA-DISTRICT TRANSFERS

Requests for transfers between schools within the District for resident students will be considered annually on a space available basis. Transfers are contingent upon the maintenance of a satisfactory discipline and attendance record and may be canceled at any time. Parents/guardians will be responsible for transportation, if required.

Request for transfer within the District must be made on a District form, which is obtained from a site principal or the Enrollment Center. This form is completed and returned to the site principal of the school that the student wishes to attend. The receiving principal signs the Intra-District Transfer form and sends it to the site principal of the school where the student is currently enrolled. The receiving school's site principal may approve or disapprove the transfer and communicate in writing to all parties involved.

LOCKERS (EAST INTERMEDIATE ONLY)

Each student will be assigned a building locker and a combination lock. A student should use only the locker

assigned to him/her. Any student needing assistance with a locker should ask his/her teacher. Periodic locker checks will be made throughout the year. The lock and the locker are school property and may be inspected or searched at any time without prior notification to the student. **Students are never to leave valuables in desks or unlocked lockers. Lost or stolen articles are not the responsibility of the school. Only school issued locks may be used. Lost/stolen/misplaced locks will be charged to the student.**

LOST AND FOUND BOOKS AND PERSONAL ITEMS

Books that have been lost or damaged must be paid for in full. Students will assess the condition of their books when books are distributed. This record will be used to determine damages. Students should keep their receipt in case their book is found.

Students who have lost personal or school-owned articles may ask about them at the office. Students finding articles in or around the school are encouraged to bring them to the office. The school is not responsible for personal belongings left at school, even in a locked compartment or room.

Students are responsible for checking with the school office for all "forgotten items" (lunch money, lunches, etc.) brought to the school during the school day.

Articles not claimed will be given to a charitable organization after a reasonable period of time.

LUNCH PERIODS

Students should be in the cafeteria during the lunch period unless the teacher has made special arrangements to allow students to come to his/her room for lunch and be supervised by that teacher.

Students whose parents/guardians check them out for lunch need to be aware and make their parents/guardians aware that they have thirty-five (35) minutes for lunch. Students signing in after their allotted lunch time will receive an unexcused tardy to class.

MEDIA CENTERS

Using the material in Jenks Public Schools Media Centers is a privilege and a responsibility. Books may be checked out for a two-week period. When students have overdue materials, they may not check out additional materials until the overdue materials have been returned. If a student loses a book, full replacement cost will be charged. A student will not receive a report card until outstanding books are returned or payment is received for the replacement of lost materials. A student transferring to another school must have returned or paid for all media materials before a transcript will be released.

MINUTE OF SILENCE

According to state law schools will observe approximately one minute of silence each school day for the purpose of allowing each student in the exercise of his or her individual choice, to reflect, meditate, pray, or engage in any other silent activity that does not interfere with, distract, or impede other students in the exercise of their individual choices.

MONEY

When it is necessary to send money to school, please put it in an envelope with the child's name, the amount enclosed, and how the money is to be used. Send correct change if possible.

NON-DISCRIMINATION STATEMENT

Jenks Public Schools prohibits discrimination in the educational programs and activities, admission programs of students, recruitment, selection and/or employment on the basis of race, color, religion, gender, sex, age, national origin, veteran status or disability. The District complies with federal and state regulations for implementing Title IX of the Education Amendment of 1972, Title VI, Section 504, and Americans with Disabilities Act (ADA).

The District has adopted grievance procedures for filing, processing, and resolving alleged discrimination complaints concerning discrimination based upon race, color, religion, gender, sex, age, national origin, veteran status, or disability. Any person who believes he or she has been discriminated against based upon one (1) of these protected categories is encouraged to file a discrimination complaint. The office responsible for Section 504 complaints is the office of Student Programs, Education Service Center 918-299-4415, ext. 2400.

The office responsible for Title IX, Drug Free Work Place, Title VI, ADA, or discrimination complaints is the Department of Human Resources, Education Service Center 918-299-4415, ext. 2305.

The District will directly notify parents/guardians, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

1. Activities involving the collection, disclosure or use of personal information collected from students for the purpose of marketing or selling that information or providing that information to others for that purpose. These activities do not include information for the exclusive purpose of developing, evaluating or providing educational products or services for or to students or educational institutions, such as:

 - f. Student recognition programs.
2. The administration of any survey containing one or more items described above in the Surveys section of this policy; and
3. Any non-emergency, invasive physical examination or screening that is (a) required as a condition of attendance; (b) administered by and scheduled by the school in advance; and (c) not necessary to protect the immediate health and safety of the student or other students. This provision does not apply to any physical examination or screening that is permitted or required by state law, including physical examinations or screening that is permitted without parental notification.

NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) afford parents/guardians and students over eighteen (18) years of age ("eligible students") certain rights with respect to the student's education records. They are as follows:

1. The right to inspect and review the student's education records within forty-five (45) days of the day the District receives a request for access.

Parents/guardians or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent/guardian or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent/guardian or eligible

student believes are inaccurate, misleading or in violation of student privacy rights.

Parents/guardians or eligible students may ask the District to amend a record that they believe is inaccurate, misleading or otherwise in violation of student privacy rights. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading or in violation of student privacy rights.

If the District decides not to amend the record as requested by the parent/guardian or eligible student, the District will notify the parent/guardian or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One (1) exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent/guardian or student participating in a school service program or serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the District discloses education records without consent to officials of another school District in which a student seeks or intends to enroll. Disclosures may also be made related to some judicial orders or lawfully issued subpoenas.

NOTIFICATION OF THREAT TO SELF OR OTHERS

A parent/guardian is to be notified at any time a student discloses or is suspected of suicidal intentions or of causing harm to others. The crisis assistance team or a team representative will meet as soon as possible with the student to make an assessment concerning the severity of the situation and to provide information to the student's parent/guardian. In order to ensure the safety of the student and other students, the team or representative may advise the parents/guardians to seek assistance outside of school. A list of agencies and emergency numbers will be made available. The District is not responsible for providing these services.

At the discretion of the crisis assistance team, parents/guardians will be requested to sign a Notification of Threat to Self or Others form indicating that they have been informed and are responsible for providing appropriate measures to ensure the student's safety and the safety of other students.

The failure of parents/guardians to provide professional support may result in school officials reporting negligence to the Department of Human Services and/or recommending that the student not return to school until his/her safety or the safety of others is assured.

PARENT/GUARDIAN CONCERNS

The Board of Education recognizes that situations of concern to parents/guardians or the public may arise in the operation of the District. The purpose of this procedure is to secure at the lowest possible level a resolution for concerns. Such concerns are best resolved through communication with the appropriate staff members and officers of the District, such as the faculty, the principals, the Directors, the Associate Superintendent, the Superintendent, and the School Board.

The following steps are procedures recommended by the Board to be followed by the persons with questions or concerns regarding the operation of the District.

1. Matters concerning individual students and their teachers should first be addressed with the teacher.
2. Unsettled matters from (1) above, or matters concerning individual sites, should be addressed with the principal.
3. Unsettled matters from (2) above, or problems and questions concerning the District, should be directed to the appropriate District level administrator. (Associate Superintendent or Directors)
4. Unsettled matters from (3) above should be placed in writing to the Superintendent. The Superintendent will schedule a meeting with the parent or guardian.
5. If the above procedures do not resolve the matter satisfactorily, the complainant may pursue the matter formally with the School Board. Questions and comments submitted to the School Board Clerk in letter form will be brought to the attention of the entire Board.

PASS SLIPS

All requests to leave campus while school is in session must be cleared through the office. To sign a student out of school during the school day, a parent/guardian must come to the Attendance Office. Leaving school without permission is classified as truancy.

PETS

Live animals, with the exception of service animals, may not be brought to school without prior approval from the principal. Excluding service animals, all animals brought to the school must be on a leash or in a kennel at all times. Pets are not allowed on school grounds/playgrounds during school hours, including arrival and dismissal. To ensure a safe environment for students, classroom pets will not be allowed due to air quality and sanitation concerns.

PLEDGE OF ALLEGIANCE

At the beginning of each school day students are authorized to recite the Pledge of Allegiance to the Flag of the United States of America. Students not wishing to participate in the pledge shall not be required to do so, and such notification shall be posted in a conspicuous place to inform students.

PROMOTION OF TRIPS AND TRAVEL

The Jenks Board of Education believes the advertising and promotion, by Jenks Public Schools employees, of private or commercial non-school-sponsored travel activities for District personnel, students, or parents/guardians of students creates the possibility for conflicts of interest and favoritism and disrupts the impartial administration of school business. Therefore, the Board has determined it is in the best interest of the District to adopt the

following regulations:

1. Groups or individuals who take responsibilities for planning and carrying out non-school sponsored trips consisting of groups of students and/or teachers must make parents/guardians aware such trips are not school-sponsored and that the schools assume no responsibility for the trip in any way whatsoever.
2. District facilities, the school name, the District, and District employees shall not be involved, directly or indirectly, in any way to promote or advertise private or commercial non-school-sponsored travel activities for District personnel, students, or parents/guardians of students during the school day (except as provided below).
3. District employees are prohibited from distributing during the school day or at a school facility printed materials to District personnel, students, or parents/guardians of students promoting or advertising such travel activities (except as provided below). The advertising or promotion of such travel activities for District personnel, students, or parents/guardians of students through classroom discussion is prohibited. No school time, instructional or otherwise, will be consumed by the distribution of written and/or oral communications regarding non-sponsored trips.
4. Organizational meetings held for the purpose of discussing private or commercial non-school-sponsored travel activities for District personnel, students, or parents/guardians of students shall not be conducted at a District facility during the school day, and will only be permitted at District facilities during non-school hours in accordance with the District's policies and procedures regarding the use of school facilities. Non-school-sponsored trips will not be taken during school hours.
5. Upon authorization from the building principal, District employees may promote or advertise private or commercial non-school-sponsored tours and travel activities at a District facility by posting printed notices on a general information bulletin board. Such notices must contain the name, address, and telephone number of the sponsoring District employee. The building principal shall designate the location where the notices may be placed and the length of time that notices may be displayed. Notices, forms and information concerning such trips will not be circulated through the school's communication system.

PSYCHIATRIC OR PSYCHOLOGICAL EXAMINATIONS

Without the prior written consent of the parent or guardian, no student who is an unemancipated minor shall be required, as part of any applicable program, to submit to psychiatric or psychological examination, testing or treatment.

REFERRAL

Students in pre-kindergarten through twelfth grade who are suspected of having disabilities which may require special education and related services may be referred for screening and evaluation through the local schools. Local Districts coordinate with the SoonerStart Early Intervention Program in referrals for eligible students beginning at three (3) years of age. The Oklahoma Area wide Service Information System (OASIS), through a toll-free number (1-800-42-OASIS), also provides statewide information and referrals to local schools and other service providers.

RESTROOMS

Restrooms may be used before and after school and at the beginning or end of the lunch period and at other times deemed appropriate by the classroom teacher. Students are expected to keep these areas clean. Students are not to loiter, smoke, litter, write on the walls, or damage the facilities in any way.

SCHOOL OFFICE

Your principal and office personnel are here to help you. They will always be glad to help on important matters and concerns. Be courteous, polite, and respectful at all times.

SEARCH POLICY

Designated representatives of Jenks Public Schools have the authority to detain and search or authorize the search of any Jenks school student, or property in the possession of the student, when reasonable suspicion exists which supports the belief that the student is in possession of property that is illegal, prohibited by school rules or board policy, or stolen from another student, an employee, or the school. Designated representatives have the authority to search while on school premises, at school activities, or in transit under authority of the school. School personnel all have access to school lockers, desks, and other school property in order to properly supervise the welfare of students. School lockers, desks, and other areas of school facilities may be opened and examined by school officials at any time and no reason shall be necessary for such search. Students shall not have any reasonable expectation of privacy towards school administrators or teachers in the contents of a school locker, desk, or other school property. School personnel may utilize trained contraband dogs on school premises. Students may be required to submit to metal detector searches and have their purses, book bags, briefcases, etc. searched with x-ray machines and/or metal detectors. Students may be detained or searched under the following circumstances:

1. Student is on school premises.
2. Student is in transit under the authority of the school.
3. Student is attending any school sponsored or school authorized function.

The search should be as follows:

1. Held in a place as private as practical.
2. Conducted by a school representative of the same gender as the person to be searched.
3. Conducted before an adult witness of the same gender when practical.
4. Conducted so that only cold weather outer wear is removed for the person searched.
5. Conducted so that if additional clothing needs to be removed, legal authorities, and/or a search warrant is obtained. (In no circumstances will a strip search be conducted by a Jenks Public School representative.)
6. Related to the object of the search, not unduly intrusive in light of the age and sex of the person searched.

The search will be documented by a written statement including:

1. Reason for search.
2. Date and time of search.
3. Location of search.
4. Signature of witness.
5. Brief explanation of contraband found.
6. Signature of school representative conducting the search.

NOTE: The exception to the above will be those instances when a search involving a group of students is necessary for the safety and security of students as deemed appropriate by the Superintendent/designee.

The school representative conducting the search may preserve any weapons, illegal substances, missing or stolen property or other contraband found.

* Designated representatives include administrators and campus security personnel, and sponsors and coaches when access to administrators or security personnel is not practical.

SEVERE WEATHER

1. The condition of the roads on the Jenks Public School bus routes is the determining factor for whether or not school will be in session.
2. The bus routes throughout the District are checked by transportation personnel in the evening (before 10:00 p.m.) and early morning (6:00 a.m.).
3. An attempt will be made to notify news media (TV and radio stations) if school is going to be dismissed or cancelled.
4. No notification is made if school is to be in session.
5. Prior to severe weather, students who ride buses will be notified by their bus drivers where to meet the bus when minor adjustments are necessary due to snow or ice.

6. Things to consider:
 - a. Road conditions are not the same in all Districts. Therefore, some Districts will dismiss when others will not.
 - b. The Jenks Public School buses have heavy motors that sit over the rear wheels and give better traction than the average automobile.
 - c. Since many parents/guardians work and may make arrangements for children to be met at bus stops or homes at specific times, it is impractical to dismiss school early. If school is to be dismissed early, all news media will be notified.
 - d. Bus time schedules will vary more than normal when bad road conditions exist.
 - e. All school days missed due to bad weather must be rescheduled by adding additional days at the end of the school term or deleting scheduled vacation days.
7. Indoor recess will be conducted when weather conditions warrant.

SEXUAL HARASSMENT

It is the policy of Jenks Public Schools that sexual harassment of faculty, staff, and student is prohibited in the workplace in the recruitment, appointment, and advancement of employees. Sexual harassment of students by other students or adults is prohibited in and out of the classroom and in the evaluation of student's academic performance.

It is also the policy of the District that accusations of sexual harassment which are made without good cause shall not be condoned. It should be remembered that accusations of sexual harassment are indeed grievous and can have serious and far-reaching effects upon the careers and lives of individuals. This policy is in keeping with the spirit and intent of various federal guidelines which address the issue of fair employment practices, ethical standards and enforcement procedures.

GENERAL PROHIBITIONS

Unwelcome conduct of a sexual nature may include, but is not limited to, verbal or physical sexual advances, including subtle pressure for sexual activities; touching, pinching, patting, or brushing against, comments regarding physical or personality characteristics of a sexual nature, and sexually oriented kidding, teasing, double entendres, jokes; any written message; and/or electronically communicated message.

Verbal or physical conduct of a sexual nature may constitute sexual harassment when the allegedly harassed employee or student has indicated, by his or her conduct, it is unwelcome.

An employee or student having initially welcomed such conduct by active participation must give specific notice to the alleged harasser such conduct is no longer welcome in order for any such subsequent conduct to be deemed unwelcome.

For the purposes of this policy, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment if:

Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic standing.

Submission to, or rejection of, such conduct by an individual is used as the basis for employment decisions or academic/co-curricular decisions affecting such individuals.

Such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic/co-curricular performance or creating an intimidating, hostile, or offensive working/academic environment.

SPECIFIC PROHIBITIONS

It shall be a violation of District policy for administrators, faculty, staff and/or students to engage in sexual harassment as defined above.

It is sexual harassment for an employee or student to subject another such employee or student to any unwelcome conduct of a sexual nature.

It is a violation of District policy for anyone to seek gain, advancement, improved academic standing or consideration in return for sexual favors.

It is sexual harassment for any administrator or supervisor to use his or her authority to solicit sexual favors or attention from subordinates when the subordinate's failure to submit will result in adverse treatment, or when the subordinate's acquiescence will result in preferential treatment.

Any allegation of sexual harassment which is made without good cause is a violation of District policy.

It is a violation of District policy for administrators, faculty, staff, and/or students to initiate any action as a reprisal against an administrator or a faculty or a staff member or student for reporting sexual harassment.

Whenever there is a demonstrated instance of sexual harassment, or reprisal for reporting same, prompt and corrective action shall be taken. Failure to take appropriate action is against District policy.

PROCEDURE

Employees who have a complaint alleging sexual harassment should report their complaint to the Administrator of Human Resources or designee, who will initiate an investigation. A report will be made to the Superintendent of Schools regarding accusations, investigative procedures, and reconciliation of complaints. Additionally, there will be a direct response to the complainant.

Students who have a complaint alleging sexual harassment should report their complaint to their respective building principal or counselor. The site principal will initiate an investigation of the complaint under the supervision of the Administrator of Human Resources or designee. A report will be made to the Superintendent of Schools regarding accusations, investigative procedures, and reconciliation of complaints.

SMOKING

JPS is a "smoke free" environment.

SOLICITATION

No outside sales of any kind are allowed at Jenks Intermediate Schools without administrative approval.

STUDENT MESSAGES

The only messages that students will be given are those that are emergencies and those that contain instructions from parents/guardians. Please make calls at least 30 minutes prior to dismissal.

SURVEYS

Without the parent/guardian's prior consent, no student shall be required to submit to a survey, analysis, written examination or evaluation that reveals information concerning:

1. Political affiliations or beliefs of the student or the student's family;
2. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian;
3. Sexual behavior or attitudes;
4. Illegal, anti-social, self-incriminating or demeaning behavior;
5. Mental or psychological problems of the student or the student's family'
6. Critical appraisals of other individuals with whom the student has a close family relationship;

7. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians and ministers; and
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

Parents/guardians may inspect, upon request, a survey created by a third party before the survey is administered or distributed to students. Review of such surveys shall be at a time mutually convenient to the principal involved and the parent/guardian. Any complaint by a parent/guardian regarding the parent's inability to inspect any such survey shall be addressed to the Superintendent, or his or her designee, who shall have final authority over the matter.

The District will take appropriate steps in compliance with the Family Educational Rights and Privacy Act to protect student privacy in the event of the administration or distribution of a student survey containing one or more of the items mentioned above.

TELEPHONES

1. Students will not be allowed to make/receive phone calls except in case of emergency. The administrator or designee will define the emergency.
2. Students will only be allowed to use the phone if the teacher/administrator gives permission.

TRANSPORTATION POLICY

Jenks Public Schools provides transportation to and from designated bus stops. Students are expected to go to the designated stop closest to their home for transportation to school and exit at a designated stop closest to their home for afternoon transportation. The transportation department reserves the right to assign students to a specific bus stop as needed. Only students residing within the District are permitted to ride the school bus. Transfer students are not eligible for bus transportation services.

Students who ride a bus other than the one assigned to them must have a bus pass completed in full, signed by their principal. Bus passes will be issued for students who enroll after Labor Day or for emergency reasons. Students will not be issued a bus pass to ride a bus to work, an activity, an appointment, i.e., Boy Scouts, Girl Scouts, sporting practices or events, dentist, doctor, other types of appointments, day care, baby sitters or other similar reasons.

School buses may be equipped with video/audio recorders which may be used as a tool for driver training and safety education. Video/audio recorders may also be used to help monitor school bus rides, to discourage and detect inappropriate behavior, and to help maintain a safe and orderly environment on the bus. Video/audio recordings will be considered "student records" and appropriate privacy practices will be observed.

1. Safety and Behavior Code for Bus Riders
 - a. The emergency door may only be opened at the direction of the bus driver. If the door is opened in non-emergency situations, it could endanger the lives of the passengers.
 - b. Students should remain seated while the bus is in motion.
 - c. While on the bus, all students are under the direct supervision of the bus driver. Students should obey the driver's suggestions promptly.
 - d. The use of profane or abusive language or gestures and disruptive behavior will not be allowed.
 - e. Students should keep all parts of their body inside the bus at all times.
 - f. No food or drink will be permitted on the bus.
 - g. Students should not run toward a school bus while it is in motion. (In bus loading zones, after the door closes, it will not be reopened.)
 - h. Pupils who must cross the road after leaving the bus should pass in front of the bus at the direction of the bus driver. Pupils are not to cross behind the bus. The "danger zone" is an area around the bus that extends ten (10) to fifteen (15) feet. This is the area where most accidents occur and all students need to be aware of this "danger zone."

- i. Students should enter and exit the bus at their designated bus stop only.
 - j. Good behavior and manners are expected at the designated bus stop.
 - k. Rules for bus behavior will be posted on each bus.
2. Jenks Public Schools students are required to respect the property of the District. Any incidents of vandalism, defined as a deliberate action that results in damage to school property, including but not limited to graffiti, damage to buses, facilities, other District property, may result in disciplinary action. Furthermore, students may be held liable for the cost of the repair or the cost of cleaning the vandalized District property.
 3. Only principals have the authority to suspend transportation services. The Director of Transportation **may suspend services in emergency** situations.
 - a. A student whose behavior is such that it directly jeopardizes the safe operation of the school bus, or who refuses to follow the directions of the driver will lose his bus riding privilege without receiving previous warnings. Immediate loss of riding privilege can result from vandalism, fighting, abusive language or gestures directed toward school personnel, failure to cooperate with driver, possession and/or use of drugs, weapons, etc., throwing/spitting objects or any other actions that jeopardize the safety of student passengers or school personnel.
 - b. Bus discipline procedures involving identified special education students are determined individually.
 4. Consequences for Violations of Bus Rules
 - a. First Offense (Minor)—Assigned seat by the bus driver and placed on probation.
 - b. Second Offense (Minor)—Assigned seat and placed on probation. Parent/guardian contacted by phone and written notice from the Transportation Office.
 - c. Third Offense—Loss of bus privilege for a minimum of two (2) days. Parent/guardian contacted by phone and written notice from Principal's Office.
 - d. Fourth Offense—Loss of bus privilege for a minimum of five (5) days. Parent/guardian and student must attend a conference with the principal and a transportation supervisor to reinstate riding privilege. Parent/guardian contacted by phone and written notice from Principal's Office.
 - e. Fifth Offense—Loss of bus privilege for a minimum of ten (10) days. Parent/guardian and student must attend a conference with the principal and a transportation supervisor to reinstate riding privilege. Parent/guardian contacted by phone and written notice from Principal's Office.
 - f. Sixth Offense—TERMINATION OF BUS RIDING PRIVILEGE for current semester and/or succeeding semester.

The discipline steps listed above are the ones normally followed to correct inappropriate behavior. However, discipline may begin at any level if the behavior merits a more severe disciplinary action to correct the behavior. The student management program is based primarily on the number of occurrences. Your cooperation and understanding are greatly appreciated.

5. Bus Passes

Only under "emergency*" situations will the student be given permission to ride a bus different from his/her own. To obtain a bus pass, the student must have a note from the parent/guardian and present it to the personnel in the Attendance Office before class begins. Final approval lies with the administrator.

*Going to work, homework groups, club meetings, visiting a friend or musical/athletic practices are NOT considered an emergency.

Using transportation service is a privilege granted to students. The District may suspend that privilege as a discipline for inappropriate student behavior, when it is in the best interest of the school and/or to insure the safety of students and staff. The decision by a principal to suspend transportation services is non-appealable.

VIDEO SURVEILLANCE

The District is committed to nurturing a safe, caring, and positive environment. In order to provide for the personal safety and security of students, staff, and patrons while on District property and while attending District functions,

as well as to protect District property, the Board of Education supports the use of video surveillance on school property, including the surveillance of vehicles, in accordance with guidelines established by the administration. The Superintendent will designate the site principal or department administrator who will be responsible for managing and auditing the site use and security of video surveillance cameras. This policy is expected to encourage individuals to demonstrate respect for themselves, for others, and for their surroundings.

General Procedures

Video surveillance devices may monitor school buildings, vehicles, and grounds. Video surveillance shall not include audio recordings, with the exception that school buses may be equipped with audio/visual recordings. Video surveillance may be placed in areas to monitor the safety and security of students, staff, and patrons and where surveillance has proven to be necessary as a result of threats, prior property damages, or other security incidents.

The site principal or department administrator designated by the Superintendent shall be responsible for managing and auditing the site use and security of video cameras, monitors and electronic images. Only the site principal/department administrator or individuals designated by the site principal/department administrator shall be permitted access to the video monitors or be permitted to operate the video system controls. Video monitors shall be located in controlled access areas.

The District shall inform students, staff, and parents/guardians at the beginning of each school year that the District will be conducting video surveillance on school property and explain the purpose for such surveillance.

The recording of actions of students, staff, and others may be reviewed or audited for the purpose of determining adherence to federal and state law, Board of Education policies, as well as District and school rules. The District may use video surveillance to detect, report, and/or deter criminal offenses.

The District may monitor video surveillance and recordings from such surveillance to assure the safety and security of students, staff, and parents. If deemed appropriate by the administration, further actions may be taken by the District as a result of video surveillance activities, including but not limited to disciplinary actions and reporting evidence of crimes to appropriate authorities. Disclosure of video records shall be done on a "need to know" basis. Copies of video records that have been used for any of the purposes of this policy shall be numbered, dated, and retained according to the camera site. When a copy of the video record is accessed or viewed, a log will be maintained that lists the date, place, names of the individuals accessing or viewing the video records, and the reason(s) for viewing the video records.

The site principal or department administrator designated by the Superintendent insures that digital video records on a hard drive are maintained for a minimum of seven days and may be recorded over after this time. An incident-related copy of a video record may be recorded, and such copy of a video record is maintained for one year after it is created. After one year has expired, the copy of the video record shall be destroyed unless good cause exists not to destroy the video record at that time. A copy of the video record not destroyed after one year shall be destroyed once there is no longer good cause to continue to maintain it.

Covert Surveillance

Covert surveillance shall be handled with appropriate care and sensitivity. This policy is designed to clarify the grounds upon which covert surveillance may be used as a tool to gather information concerning serious matters relating to students, employees, and others while on school property. However, nothing contained herein shall be construed to limit the District's ability to use covert surveillance to the extent permitted by law.

As a general matter, the use of covert surveillance shall be a restricted practice requiring the approval of the Superintendent or the Superintendent's designee. At the conclusion of each covert surveillance investigation, a confidential written report will be made to the Superintendent regarding the outcome of the investigation and what action, if any, resulted as a consequence of the investigation.

VIOLENT OFFENSES

If the school provides education services to a student at a District school facility who has been adjudicated for a

violent offense, the school shall notify any student or faculty victims of such student, when known, and shall ensure that the student will not be allowed in the general vicinity of or contact with a victim of the student, provided such victim notifies the school of the victim's desire to refrain from contact with the offending student.

VISITATION BY PARENTS/LEGAL GUARDIANS

All visitations must be scheduled and approved by the building administrator. Special restrictions may be administered at the discretion of the administrator.

To minimize disruption, parents/guardians may visit their child's classrooms under these circumstances: to attend a class function such as a party or a play; to have a conference with the teacher in the classroom when other students are not present; to make classroom observations during instructional time. Requests may be required in writing and delivered to the administrator at least forty-eight (48) hours prior to visiting the classroom at the discretion of the principal.

Observations may occur within the following guide- lines:

An administrator may require that the parents/guardians be accompanied by school personnel; Observations will not be scheduled during achievement testing or any other activity that could be disrupted by the presence of visitors in the classroom;

No recording equipment or cameras will be permitted in the classroom during an observation of the instructional process unless prior permission is given by the administrator.

VISITORS

LobbyGuard is a computerized visitor management program designed to screen visitors, parents/guardians, contractors, and volunteers entering Jenks Schools. The system runs instant background checks against databases in all fifty states and immediately alerts appropriate personnel, as needed. The LobbyGuard system gives school personnel the ability to have instant access to information regarding building visitors, volunteers and their hours of service, and parental custody. In addition, the program integrates with existing building security systems to enhance student safety.

When a request is made by a nonparent/guardian to visit on campus during the school day, it is the discretion of the administration whether or not to grant permission. Student visitors will not be permitted on school grounds.

WITHDRAWALS OR TRANSFERS

When it is necessary for a student to withdraw or transfer from Jenks, the following steps must be taken by the student:

1. The parent or guardian will need to call the school office in advance of the date of withdrawal. A written statement by the custodial parent/guardian which states the student's last day of attendance at Jenks and the name of the new school or town will need to be presented to the Administrative Assistant.
2. The grading policy for withdrawal grades is as follows:
 - a. The grade will be based upon performance from the beginning of the semester to the date of withdrawal.
 - b. A student must be in attendance two (2) weeks to receive a grade.
3. All books and materials must be returned or paid for before withdrawal can be completed.
4. All lunch charges are to be paid in the cafeteria.
5. A copy of the withdrawal form and the health record may be picked up by a parent/guardian at the school office.
6. If you desire copies of school records to take with you, notify the Administrative Assistant at least three (3) days prior to withdrawal.

HEALTH SERVICES

NURSE'S CLINIC

A registered school nurse is on duty every day. The Nurse's Office for West Intermediate is located in the area just south of the cafeteria. The Nurse's Office for East Intermediate is located in the cafeteria building. The school health program will provide vision and hearing screenings for students in designated grades, or upon request. After screening, the nurse will contact parents/guardians if the student's screening results indicate the need for referral to a doctor. If the screening results are within normal limits that will be noted on the student's health record and parents/guardians will not be contacted. Parents/guardians may request that no screenings be done by notifying the nurse in writing each year. It is the parent's/guardian's responsibility to communicate health-related information, including chronic illness, to the site nurse and/or administrator to ensure proper care of the student.

ALLERGIES (NUTS AND LATEX)

Nuts and latex are two of the main causes of anaphylactic (life-threatening) allergic reactions. Symptoms may range from mild sensitivity to severe anaphylaxis. In order to promote a safe environment Jenks Public Schools will:

1. Refrain from the use of any nut/latex products in crafts, projects, experiments, or foods prepared or served at Jenks Public Schools.
2. Serve only snacks that are commercially prepared and which do not contain peanut butter or nut products on the ingredient label.
3. Refrain from the use of latex gloves anywhere in the District.
4. No latex balloons.
5. Encourage communication between parent/guardian, child, teacher and Health Services as to the nature of the allergy and individual symptoms. Jenks Public School recommends the use of an allergy alert identification bracelet.

FOOD ALLERGIES

Jenks Public Schools makes every effort to accommodate medically-based dietary needs. To communicate a student's needs, please follow these steps:

1. Be sure the student's food allergies are communicated on the enrollment record.
2. Each school year, provide the nurse's office with medical documentation of the student's life-threatening food allergies from a licensed physician.
3. Each school year, complete a Food Allergy Action Plan in the nurse's office.
4. Access either the printed menu or the Cafeteria menu tab on the JPS Child Nutrition web page. Call the site cafeteria manager for food allergy information.
5. Advise your student of safe food selections from the school cafeteria menu based on allergens and your student's preferences.
6. If the student is unable to complete food selections independently, access a Food Avoidance Request Form on the JPS Child Nutrition web page. Send the request to the child's teacher daily or weekly. The teacher will make sure the requests are given to the cafeteria manager or designee. Based on these written instructions, the cafeteria staff will help the student with appropriate food selection.
7. Provide allergy-safe snacks for your student at classroom snack time or on party days.
8. In the absence of medical documentation and written parental instructions, the parent and student are

responsible for safe food choices at school.

MEDICATION AT SCHOOL

All medication taken at school including over the counter medications must be kept in the Nurse's Office, regardless of the student's age. This is for the safety of all students. If possible, parents/guardians are advised to give medication at home on a schedule other than during school hours. If it is necessary that a medication be given during school hours, these regulations must be followed:

1. A "Request to Give Medication" form must be completed and signed by the parent/guardian on each prescription and nonprescription medication to be given at school, and kept on file in the Nurse's Office. It is **strongly recommended** that a parent or guardian deliver the medication to the Nurse's Office and complete the above- mentioned form.
2. Prescription and Nonprescription Medications: Prescription and/or nonprescription medicine must be brought to the Nurse's Office in its original container with the original label intact. Prescription medication will be given only if the student's name is on the original label and only in the dosage listed. Dosage changes must be approved by the child's physician in writing. Expired medications will not be administered. Original prescription bottles will be sent home with the student when empty unless the parent/guardian requests otherwise. If a student forgets his medication, the school nurse will try to contact that student's teacher to remind him/her. It is sometimes difficult to locate students due to their schedules. A written record will be kept of times and dates medication is taken. It is the student's and parent's/guardian's responsibility to ensure compliance. Parents/guardians and teachers are encouraged to check on the student's compliance as often as needed.
3. Medication will NOT be sent home with the student: Any remaining medication (from prescription change, etc.) must be picked up by a parent or guardian. Exceptions to this policy will be made at the discretion of the principal and/or school nurse. All medication not picked up by the last day of school will be discarded.
4. Asthma or Anaphylaxis Medication: In accordance with Oklahoma Statutes, the Board of Education permits the self-administration of inhaled medication by a student for treatment of asthma and anaphylaxis according to the requirements as follows:
 - a. The parent or guardian of the student must authorize in writing the student's self-administration of medication.
 - b. The parent or guardian of the student provides to the school a written statement from the physician treating the student that the student has asthma or anaphylaxis, is capable of, and has been instructed in the proper method of self-administration of medication.
 - c. The parent or guardian of the student provides the school with an emergency supply of the student's medication to be administered pursuant to this policy.
 - d. The school informs the parent or guardian of the student, in writing, that the District and its employees and agents shall incur no liability as a result of any injury arising from the self-administration of medication by the student.
 - e. The parent or guardian of the student signs a statement acknowledging that the school shall incur no liability as a result of any injury arising from the self-administration of medication by the student.
 - f. The permission for self-administration of asthma or anaphylaxis medication is effective for the school year for which it is granted and shall be renewed each subsequent school year upon fulfillment of the requirements of this section. The Nurse's Office has a form which the parent or guardian may use to fulfill the above requirements.

"Medication," as used in this section, means a metered dose inhaler or a dry powder inhaler to alleviate asthmatic symptoms, and any anaphylaxis medication to treat anaphylaxis symptoms, prescribed by a physician and having an individual label.

In accordance with Oklahoma Statutes, the Board of Education permits School Health Clinics to stock Epinephrine injectors for treatment of anaphylaxis according to these requirements:

- a. The District licensed physician consultant will write a prescription for stock injectors at each school health office. The licensed physician will incur no liability from injury arising from the use of prescribed injectors.
- b. The School Nurse will maintain at least two current injectors for each school health office.
- c. A School Nurse or other school employee trained in correlation with State Department of Health

standards may administer an epinephrine injection when they believe in good faith that the student is having an anaphylactic reaction. In addition, EMS services will be contacted.

- d. Student parents/guardians grant permission for emergency health care and waive liability from injury annually with a signature on the enrollment forms.
- e. The District will provide annual training in managing food allergies/anaphylaxis.
5. Diabetes: The Diabetes Management in School Act (Section 1210.196.2 of Title 70) states that each student with diabetes will have a Diabetes Medical Management plan that describes the health services that may be needed by the student while at school. In accordance with the diabetes medical management plan, the school shall permit the student to attend to the management of their diabetes under the guidance of the school nurse which may include:
 - a. Performing blood glucose level checks;
 - b. Administering insulin through the insulin delivery system used by the student;
 - c. Treating hypoglycemia and hyperglycemia;
 - d. Possessing on the person of the student at any time any supplies or equipment necessary to monitor and care for the diabetes of the student;
 - e. Otherwise attending to the management and care of the diabetes of the student in the classroom, in any area of the school or school grounds, or at any school-related activity.
 - f. Jenks Public Schools' nurses will educate students who have diabetes in proper disposal of any "sharps" used while at school or at school activities. This will include lancets, needles for insulin pens, and insulin syringes. Proper disposal is always in the sharps container located in the nurse's office at each site. Sharps containers are disposed of at biohazardous waste sites per OSHA regulations.

The school nurse at each school in which students with diabetes are enrolled shall assist the students with the management of diabetes care as provided for in the diabetes medical management plan for the student. According to Section 1210.196.6 of Title 70, Jenks Public Schools shall provide, with the permission of the parent/guardian, to each school employee who is responsible for providing transportation for a student with diabetes or supervising a student with diabetes, information sheet that:

- a. Identifies the student who has diabetes;
- b. Identifies potential emergencies that may occur as a result of the diabetes of the student and the appropriate response to emergencies; and
- c. Provides the telephone number of a contact person in case of an emergency involving the student with diabetes.

Any school employee provided information as set forth in this section shall be informed of all health privacy policies.

6. Acetaminophen and Ibuprofen: Acetaminophen (Tylenol) and Ibuprofen (Advil, Motrin, etc.) are available upon request by students if parent/guardian permission was given on the Enrollment Form.
7. Aspirin: Aspirin is not offered at school and is not recommended for persons under twenty-one (21) years of age. If a student's doctor advises aspirin for specific conditions, the nurse will administer the aspirin as directed upon receiving the doctor's written order.
8. Homeopathic/Herbal Medication: Homeopathic and herbal medicines may be given by the nurse if the medication is FDA approved and if the medication and the requested dosage is age appropriate according to the directions on the manufacturer's label. Written permission from the student's parent/guardian must accompany the request for medication administration. All other herbal or homeopathic medications (non-FDA approved) must be ordered by a physician (M.D., D.O. or Chiropractor).

This medication policy has been established to maintain the safety of all students. It promotes responsible and reliable medication schedules. It recognizes special needs with flexibility and includes accountability of the parent/guardian, student, and physician. The nurses urge the parent/guardian and/or physician to contact them if there are any questions or concerns.

IMMUNIZATIONS

All students are required to keep complete immunization records on file in the Nurse's Office. These records must be kept in compliance with Oklahoma State Immunization Law.

If a student is "in process" and has not completed these immunizations, he/she will be allowed to attend school. However, the parent/guardian is required to provide documentation, signed by a licensed physician or public health authority, as each subsequent immunization is received. The immunization schedule must be

followed, or the student will be excluded from school.

ILLNESS AT SCHOOL

Except for an emergency, a signed agenda or pass from a teacher will be required before a student goes to the nurse. The nurse will determine if a student is to be sent home due to illness and in all cases will notify the parents/guardians and the Attendance Office. The nurse, not the student, will initiate phone contact with the parent/guardian.

1. Students with temperatures of 100.4°F or above must be sent home. Parents/guardians are asked to keep students who have elevated temperatures home twenty-four (24) hours after the temperature returns to normal.
2. A student who vomits during the evening should not be sent to school the next day.
3. Parents/guardians are to transport students who become ill at school.
4. Parents/guardians are requested to report any contagious health condition to the Nurse's Office. Chickenpox requires a written release from the nurse for a student to return to class.

HEAD LICE PROCEDURES

1. Suspected cases of head lice are to be reported to the nurse. If a student is found to have head lice, the entire class will be examined by the school nurse since head lice are contagious and will not disappear without treatment.
2. Students found to have head lice will have their parents/guardians contacted and will be sent home for treatment. If a student has siblings in the Jenks Public Schools, they will also be examined by the school nurse. Parents/guardians will be offered information on treatment, egg (nit) removal, and cleaning of the environment. Parents/guardians, whose children have an active case of head lice, will be notified. Children who do or do not have head lice are not specifically identified to anyone other than the parent/guardian and the teacher, due to the confidentiality required by law.
3. Jenks Public Schools maintains a "no nit, no live bug" policy for a student's return to the classroom. This is the only means that the school has for preventing the spread of head lice in the school setting.
4. Any student who has had head lice must be taken to the school nurse's office to be examined by the nurse, and given written permission to return to class.
5. When a case of head lice is identified, a written notice will be sent home with each student who may be exposed.
6. Information pertaining to the treatment of head lice can be found on the Jenks Public Schools website.

HEALTH EDUCATION

WELLNESS POLICY

WELLNESS

The Jenks Board of Education hereby declares its concern for the safety and health of District employees and students. Jenks Public Schools recognizes the relationship between academic achievement and student health and wellness, and it is the intent of this policy that staff, students, and parents/guardians must work together to provide a safe, secure, and healthy learning environment.

Healthy Living

Health and Nutritional Education

The aim of the Jenks Public Schools pre-kindergarten through twelfth grade health and wellness curriculum is to empower students to develop healthy, positive behaviors, skills, and attitudes by providing a variety of fitness and health awareness opportunities while establishing school- community partnerships that encourage healthy lifelong choices. Nutrition education will be offered and integrated into the core curriculum for all grades (PK-12), providing students the knowledge and skills necessary for lifelong healthy eating behaviors.

Curricula for the health and physical education programs in the District, using current Oklahoma State Health and Wellness standards, are reviewed according to the textbook adoption schedule for the State of Oklahoma. These processes provide for public input by involving stakeholders from all District school sites as well as the community.

School Practices

Nutrition education occurs in the classroom as well as in the larger school community. The District utilizes multiple channels (e.g. classroom, cafeteria, and communications with parents) to promote healthy nutritional and physical behaviors. In support of the aim of the Jenks Public Schools wellness curriculum:

- students will be allowed adequate time to consume meals, at least 10 minutes for breakfast and 20 minutes for lunch from the time they are seated;
- recess before lunch will be encouraged to the greatest extent possible;
- food, beverages, and candy will not be used to reward or punish academic performance or student behavior;
- the District provides training and support to food service and other relevant staff to meet nutrition standards for preparing healthy meals;
- during the school day, the District only permits school-sponsored fundraisers which are health-promoting. Such fundraisers include non-food items, physical activity-related options, community service options, or healthy foods and beverage options which follow USDA Smart Snacks standards (see Jenks Public Schools Administrative Regulation-Nutritional Guidelines);
- only foods and beverages that meet the USDA's Smart Snacks standards may be marketed in schools;
- the District allows school gardens on district property and dedicates related resources (e.g. land, water) for their implementation; and
- the District encourages parents to provide healthy lunches and snacks when sending food from home.

Nutritional Guidelines

To promote student health, students will not be provided with foods outside the USDA Smart Snacks standards, with the exception of two (2) events per school year in which healthy options are also available. All competitive foods and beverages sold to students during the school day must meet or exceed the USDA's Smart Snacks standards.

School Meals Service through the National Lunch-Breakfast Program

The District will make nutritious foods available on campus during the school day to promote student and staff health. At a minimum, the District Child Nutrition Program will serve reimbursable meals that meet the United States Department of Agriculture's (USDA) requirements and follow the Dietary Guidelines for Americans (DGA). As required under the National School Lunch Program (7CFR 210.12), the District will promote activities to involve students and parents in the School Lunch Program. In addition, the District will promote healthy food and beverage choices and appropriate portion sizes. All meals will:

- be appealing and attractive to children/young adults/staff of various ages and diverse backgrounds;
- be served in clean, pleasant and supervised settings;
- be accessible to all children and young adults;
- be designed to feature fresh fruits and vegetables from local sources to the greatest extent possible, including the Farm to School Program.
- include the provision of clean, unflavored, cool drinking water available and accessible without restriction and at no charge throughout the school day; and
- include food high in fiber, free of added trans-fat, low in added fats, sugar, and sodium, and served in appropriate portion sizes consistent with the USDA standards.

Physical Education and Physical Activity

The aim of the Jenks Public Schools pre-kindergarten through twelfth grade physical education curriculum is to enhance quality of life by fostering physical dexterity and life-long health and well-being in an environment that promotes participation and the development of the whole person. The District supports quality physical activity throughout the school day. Practices which support the accomplishment of this aim include:

- all students in grades Pre-kindergarten through five will participate in physical activity a minimum of 150 minutes per week through 20 minutes of daily recess, integrated physical activity within the academic classroom and physical education class activities. Time spent in these activities, per state law, will meet the requirements for accreditation by the Oklahoma State Board of Education. Students in all grades will be offered a range of physical activity choices, which may include competitive and non-competitive options. In addition, teachers and other school personnel at all grade levels may provide opportunities to students for additional physical activity by integrating physical activity into the academic curriculum, including adaptive physical education;
- students participating in physical education will be moderately to vigorously active for the majority of class time;
- physical activity, or the withholding thereof, will not be used to punish academic performance or student behavior in the classroom;
- the District provides proper equipment and facilities to support physical education classes and other school-sponsored physical activities;
- the District provides training for teachers for integrating physical activity into the curriculum; and
- students, parents, and other community members will have access to the District's physical activity facilities outside the normal school day (see Facility Usage and Rental policy).

Monitoring and Policy Review

Each school site's Healthy and Fit School Committee may include parents, students, representatives of the school food authority, physical education teachers, school health professionals, the school board, school administrators and the general public. Each site committee will use the School Health Index to develop an action plan unique to that site as part of the Coordinated School Health Framework. Each plan will be evaluated and updated annually. Site Healthy and Fit School committees may participate in the implementation, review and update of the district wellness policy.

At least once every three years, the District will measure the extent to which schools are in compliance with the Wellness Policy. The District will inform and update the public about the content and implementation of the Wellness Policy.

Oversight for the District Wellness Policy and any appropriate updates will be maintained by the Executive Director of Student Services in the Education Service Center Teaching and Learning Office. All schools in the District will comply with the policy and all federal and state laws related to wellness.
