

Education Oversight Board / Office of Accountability

Susan Field, Chairman • Robert Buswell, Executive Director

May 10, 2013

Citizens of Oklahoma:

Through these School Report Cards, the Education Oversight Board and the Office of Accountability have brought to parents and patrons measures of public school performance. The Education Oversight Board's own "70% Performance Benchmark" challenges schools to have at least 70% of their *Regular Education-Full Academic Year* students scoring Proficient or Advanced in each subject area of the Oklahoma Core Curriculum Test. Schools have worked very hard to meet this challenge.

The Education Oversight Board also recognizes schools that have met an even greater challenge. A star denotes grade level performance where schools, in addition to meeting the "70% Performance Benchmark," have gone above and beyond to have at least 25% of their students scoring at the Advanced performance level in every subject area being tested.

A wealth of other information is included on this report card. The Community Characteristics section describes the socioeconomics of the community being served. The Educational Process section presents statistics on how education is being delivered to students. The final section provides data on student performance in the local public schools, in the regional Career-Techs, and in Oklahoma's institutions of higher education.

As a stakeholder, we urge you to weigh the information provided on this card and determine for yourself the quality of the education being delivered to students. Compare your school's report card with that of other schools by going to our web site (shown below). Where your school is strong, acknowledge their good work. Where your school is weak, work with staff to improve it. Become a partner with education and get involved.

Sincerely,

Susan Field, Chairman
Education Oversight Board

Robert Buswell, Executive Director
Office of Accountability

Message from the Principal:

West Elementary Families,

Each year the Education Oversight Board/Office of Accountability issues a student performance report for West Elementary. As you can see, in our 2012 School Report Card, West Elementary third and fourth graders once again exceeded the state average in reading and math. We recognize and appreciate that West Elementary families and the Jenks community contribute to this success through volunteerism, partnerships, and participation in our Parent Teacher Action Group (PTAG). Thank you for your continued commitment in supporting your child in his/her reading and math homework throughout the school year. Attendance plays a vital role in our ability to ensure your child has every opportunity to succeed. We appreciate the value you place on your child being present each day for instruction. West Elementary staff is committed to continuous improvement. We analyze our test and assessment data annually to determine areas that need improvement. We encourage you to continue taking an active role in your child's education by attending parent/teacher conferences and other school activities.

Sincerely,

Suzanne Lair
