

Steps to Achieving Your NCAA and NAIA Eligibility

FRESHMAN AND SOPHOMORES

- Work hard to get the best grades possible
- Take classes that match our school's list of NCAA approved core courses (*see page 2 of this booklet*).
- Enroll in the **CoreCourseGPA.com**. The JHS Athletic Dept pays for this service so any Jenks student interested in playing athletics at DI or DII level can track their eligibility. It allows you to track your current and projected NCAA core GPA, core courses and test scores to ensure that you are meeting NCAA requirements. You should enter your grades at the end of each semester. It also offers a wide range of valuable recruiting resources and webinars (*examples on page 11 & 12 of this booklet*).
- You can also use this tool to help select courses for the next school year that are NCAA approved (*see page 7 of this booklet for instructions to set up your CoreCourseGPA Calculator account*).

JUNIORS

- At the beginning of your junior year, register at www.eligibilitycenter.org
- Students enrolled in free and reduced lunch are eligible for a fee waiver.
- Continue to track your NCAA eligibility.
- Register to take the ACT, SAT or both and use the Eligibility Center code (9999) as a score recipient. The Eligibility Center will use the best scores from each section of all ACT or SAT tests to determine your best cumulative score.
- Continue entering semester grades and new test scores into your **CoreCourseGPA Calculator** account to ensure that your core GPA, core courses and tests meet NCAA requirements.
- Your transcript will be automatically be sent to NCAA after your junior year. If you have attended more than one high school, the Eligibility Center will need official transcripts from all high schools attended.
- Before registering for senior year classes, check with the Core Course GPA Calculator to determine the amount of core courses that you need to complete your senior year. Please note: TCC semester concurrent enrollment classes receiving a full credit at JHS will only count as 1/2 credit for NCAA

Seniors

- Students interested in playing NAIA sports must register with NAIA Eligibility Center at www.playnaia.org
To be NAIA eligible, students must meet 2 of these 3 requirements: 18 ACT, 2.0 GPA or ranked in top ½ of class
- Take the SAT and/or ACT again, if necessary. Send scores directly from ACT/SAT using 9999 for NCAA Eligibility Center and 9876 for NAIA
- Continue to take college-prep courses and to work hard to get the best grades possible
- Check to be sure that your courses match our school's list of approved core course
- Continue entering semester grades and new test scores into your **CoreCourseGPA Calculator** account to ensure that your core GPA, core courses and tests meet NCAA requirements. TCC semester concurrent enrollment classes receiving a full credit at JHS will only count as 1/2 credit for NCAA
- Graduate on time (in 8 academic semesters). If you fall behind, use summer school sessions before graduation to catch up
- Final transcripts will automatically be sent to NCAA for all students who have registered with the Eligibility Center and to NAIA for students who have registered with Playnaia.org

NCAA Eligibility Requirements and Registration

Students planning to compete in collegiate athletics must meet minimum NCAA Initial Eligibility standards for GPA, Core Course Completion and ACT/SAT scores. **It is the parent's and student's responsibility to track progress towards meeting the NCAA requirements.** Listed below are the JHS courses that are NCAA Approved. **Students must also remember to choose their courses carefully, so they comply with JHS graduation requirements.** For complete information regarding GPA and ACT/SAT score requirements and to register students with the NCAA Eligibility Center, go to: www.eligibilitycenter.org

Division 1	Division 2	Jenks Highs School Courses Approved by NCAA
<i>16 core credits required</i>	<i>16 core credits required</i>	
4 English Credits	3 English Credits	English 9, Pre-AP English 9, English 10, Pre-AP English 10, English 11, AP English Language and Composition, English 12, AP English Literature and Composition
3 Math Credits	2 Math Credits	Algebra 1, Geometry, Algebra 2, Pre-AP Algebra 2, Trig/College Algebra, Pre-Calc/Trig, Pre-AP Pre-Calc/Trig, AP Calculus AB, AP Calculus BC, AP Statistics, Business Calculus, Calculus II/Differential Equations, Calculus III/Differential Equations, Linear Algebra /Adv. Differential Equations
2 Science Credits	2 Science Credits	Biology, Pre-AP Biology, AP Biology, Chemistry, Pre-AP Chemistry, AP Chemistry, Earth and Space Science, Environmental Science, AP Environmental Science, Forensic Science and Data Analysis, General Human Anatomy, Genetics and Biotechnology, Introductory Genetics, Human Anatomy and Physiology, Ornithology 1, Physical Science, Physics, AP Physics I, AP Physics II, B, AP Physics C, Zoology
1 Additional Credit	3 Additional Credits	English, Math or Science
2 Credits of Social Science	2 Credits of Social Science	Government, Oklahoma History, Pre-AP Government, US History, AP US History, World History, AP World History, World War II, East Asia Studies, Sociology, Holocaust Studies, AP American Government and Politics, AP Comparative Government and Politics, Psychology, AP Human Geography, AP European History, AP Psychology, AP Micro and AP Macro Economics, Pre-AP Economics, Intro to Muscogee(Creek) Culture and Heritage
4 Additional Credits	4 Additional Credits	These additional courses can be in any area above or any Foreign Language COMPUTER TECHNOLOGY COURSES ARE NOT NCAA APPROVED AND DO NOT MEET NCAA REQUIREMENTS

Please note that Jenks online classes do not meet NCAA requirements, but due to *COVID-19 NCAA has granted a waiver for Spring/Summer/Fall 2020 and Spring/Summer 2021 semesters.* During these specific semesters, NCAA will accept the above classes in any format that Jenks has offered them through including Jenks Distance Learning or Edgenuity.

Special Education Courses approved to meet NCAA Core Curriculum Requirements

The following courses can be used to meet NCAA Eligibility core requirements for students who 1) document the diagnosis of an education-impacting disability with the NCAA Eligibility Center, and 2) whose IEP or 504 plan specify one of the following classes: English 9, English 10, English 11, English 12, Science I – Biology; Geoscience, Environmental Science, Zoology, Anatomy and Physiology, Physical Science, Social Studies I and II, Math III – Algebra A, Math IV – Algebra B (Math III and IV are full year courses that are equal to one semester of Algebra. Counts as ½ credit) Math V – Fundamentals of Geometry and Math VII – Fundamentals of Algebra II.

DIVISION I ACADEMIC REQUIREMENTS

College-bound student-athletes enrolling at an NCAA Division I school need to meet the following academic requirements to practice, compete and receive an athletics scholarship in their first year of full-time enrollment.

Core-Course Requirement

Complete 16 core courses in the following areas:

FULL QUALIFIER

- Complete 16 core courses.
 - Ten of the 16 core courses must be completed before the seventh semester (senior year) of high school.
 - Seven of the 10 core courses must be in English, math or natural/physical science.
- Earn a core-course GPA of at least 2.300.
- Earn an SAT combined score or ACT sum score matching the core-course GPA on the Division I sliding scale (see back page).
- Graduate high school.

ACADEMIC REDSHIRT

- Complete 16 core courses.
- Earn a core-course GPA of at least 2.000.
- Earn an SAT combined score or ACT sum score matching the core-course GPA on the Division I sliding scale (see back page).
- Graduate high school.

Full Qualifier

College-bound student-athletes may practice, compete and receive an athletics scholarship during their first year of full-time enrollment at an NCAA Division I school.

Academic Redshirt

College-bound student-athletes may receive an athletics scholarship during their first year of full-time enrollment and may practice during their first regular academic term, but may NOT compete during their first year of enrollment.

Nonqualifier

College-bound student-athletes will not be able to practice, compete or receive an athletics scholarship during their first year of full-time enrollment at an NCAA Division I school.

International Students

Please review the [international initial-eligibility flyer](#) for information and academic requirements specific to international student-athletes.

Click [here](#) for Division II academic requirements.

Test Scores

If a student plans to attend an NCAA Division I college or university in the 2019-20 or 2020-21 academic years, use the following charts to understand the core-course GPA he or she will need to meet NCAA Division I requirements.

A combined SAT score is calculated by adding critical reading and math subscores. An ACT sum score is calculated by adding English, math, reading and science subscores. A student may take the SAT or ACT an unlimited number of times before he or she enrolls full time in college. If a student takes either test more than once, the best subscores from each test are used for the academic certification process.

When a student registers for the SAT or ACT, he or she can use the NCAA Eligibility Center code of **9999** to send their scores directly to the NCAA Eligibility Center from the testing agency. Test scores on transcripts **CANNOT** be used in an academic certification.

ACADEMIC REDSHIRT

*Final concordance research between the new SAT and ACT is ongoing.

DIVISION II ACADEMIC REQUIREMENTS

College-bound student-athletes enrolling at an NCAA Division II school need to meet the following academic requirements to practice, compete and receive an athletics scholarship in their first year of full-time enrollment.

Core-Course Requirement

Complete 16 core courses in the following areas:

ENGLISH	MATH (Algebra I or higher)	NATURAL/ PHYSICAL SCIENCE (including one year of lab, if offered)	ADDITIONAL (English, math or natural/physical science)	SOCIAL SCIENCE	ADDITIONAL COURSES (Any area listed to the left, foreign language or comparative religion/philosophy)
3 years	2 years	2 years	3 year	2 years	4 years

FULL QUALIFIER

- Complete 16 core courses.
- Earn a core-course GPA of at least 2.200.
- Earn an SAT combined score or ACT sum score matching the core-course GPA on the Division II full qualifier sliding scale (see back page).
- Graduate high school.

PARTIAL QUALIFIER

- Complete 16 core courses.
- Earn a core-course GPA of at least 2.000.
- Earn an SAT combined score or ACT sum score matching the core-course GPA on the Division II partial qualifier sliding scale (see back page).
- Graduate high school.

Full Qualifier

College-bound student-athletes may practice, compete and receive an athletics scholarship during their first year of full-time enrollment at an NCAA Division II school.

Partial Qualifier

College-bound student-athletes may receive an athletics scholarship during their first year of enrollment and may practice during their first year of full-time enrollment at a Division II school, but may NOT compete.

Nonqualifier

College-bound student-athletes will not be able to practice, compete or receive an athletics scholarship during their first year of full-time enrollment at an NCAA Division II school.

International Students

Please review the [international initial-eligibility flyer](#) for information and academic requirements specific to international student-athletes.

Test Scores

If a student plans to attend an NCAA Division II college or university in the 2019-20 or 2020-21 academic years, use the following charts to understand the core-course GPA he or she will need to meet NCAA Division II requirements.

A combined SAT score is calculated by adding critical reading and math subscores. An ACT sum score is calculated by adding English, math, reading and science subscores. A student may take the SAT or ACT an unlimited number of times before he or she enrolls full time in college. If a student takes either test more than once, the best subscores from each test are used for the academic certification process.

*Final concordance research between the new SAT and ACT is ongoing.

CORE COURSE GPA CALCULATOR

If your child has aspirations of competing athletically as a freshman at an NCAA Division I or Division II school, they must meet NCAA Initial-Eligibility minimum standards, including minimum core course credits, GPA and SAT/ACT test score requirements. CoreCourseGPA.com is an innovative tool that allows you to easily track your son or daughter's progress towards meeting these requirements. We recommend parents and students begin using this valuable tool during freshman year to track grades, courses and test scores. Students and parents should log in each semester and update grades, courses and test scores to ensure that the student is on track to meet NCAA requirements. Students and parents may also use the "projected" feature in the Core Course GPA Calculator to plan course selection for all four years of high school to ensure they meet the 16 required core classes.

To **activate your child's CoreCourseGPA.com membership**, follow these simple steps:

1. Go to www.CoreCourseGPA.com
2. Enter School ID and School Code in the **New Member Account Creation** box:
Students/Parents:
School ID: 371905
School Code: 713688208
3. Click "**Continue.**"
4. **Fill in the appropriate fields** in the **Create New Student Account** form.
Remember to write down the new Member Name and Password you have created
5. Click "**Submit.**"
Congratulations! You have successfully created your CoreCourseGPA.com member account.

To **login to your member account** and begin using the CoreCourseGPA.com software, follow these simple steps:

1. Go to www.CoreCourseGPA.com
2. Enter your **Member Name** and **Password** in the **Existing Member Login** box.
Use the Member Name and Password you created during the account activation process
3. Click "**Login.**"
Begin using your CoreCourseGPA.com account!

CoreCourseGPA.com incorporates the NCAA recognized core courses for Jenks High School into the online course entry forms, calculates BOTH Division I and Division II core course GPA, automatically factors weighted grades into calculations and tracks course requirements for BOTH Division I and Division II. Your son or daughter's core course information is saved for the duration of their high school career.

Jenks High School is proud to make this innovative software available to you free of charge. We believe CoreCourseGPA.com will be a very useful academic tool for you and your student-athlete.

IT IS IMPORTANT TO NOTE THAT YOUR USE OF CORECOURSEGPA.COM IS NOT A SUBSTITUTE FOR REGISTERING WITH THE NCAA ELIGIBILITY CENTER AFTER THE COMPLETION OF SIX HIGH SCHOOL SEMESTER

This is an example of Current NCAA DI initial-eligibility report.
The Core Course GPA Calculator also gives a report for DII eligibility.

Questions to Ask Recruiters

College coaches and recruiters will ask you plenty of questions during the recruiting process to learn more about you. And, it is just as important that you ask them questions too. Just as recruiters are trying to find players that best fit their program, you need to find out which schools best fit you. The NCAA Student-Athlete Advisory Committee has developed a list of questions that you can ask recruiters to help you choose the best school for you.

ATHLETIC QUESTIONS

1. What position will I play on our team?
2. Can you describe the other players competing at my position?
3. Can I "redshirt" my freshman year?
4. What are the physical requirements each year?
5. How would you best describe your coaching style?
6. What is your game plan?
7. When does the contract of the head coach expire?
8. Please describe the preferred, invited and uninvited walk-on situation.
9. How many make it, compete and earn scholarships?
10. Is medical insurance required for my participation?
11. If so, is it provided by the college?
12. If I am seriously hurt while competing, who is responsible for my medical expenses?
13. What happens if I want to transfer to another school?

ACADEMIC QUESTIONS

1. What are the strengths and weaknesses of the academic department I choose to major in?
2. Describe your academic support program.
3. What percentage of players on scholarship graduate in 4 years?
4. If I am diagnosed and documented with a disability, what kind of academic services are available?
5. Are there restrictions in scheduling classes around practice?

COLLEGE LIFE

1. What is the typical class size?
2. What are the residence halls like?
3. Will I be required to live on campus throughout my athletic career?
4. What is a typical day for a student-athlete?

FINANCIAL AID

1. What are the details of financial aid at your institution?
2. How long does a scholarship last? Year-to-year or is it a 4-year commitment?
3. If I am injured, what happens to my financial aid?
4. What are my opportunities for employment while I am a student?
5. How much financial aid is available for summer school?
6. Under what circumstances would my scholarship be reduced or cancelled?
7. Are there academic criteria needed to maintain my scholarship?
8. What scholarship money is available if I suffer an athletic career ending injury?
9. What scholarship money is available after eligibility is exhausted to help me complete my degree?
10. Will my scholarship be maintained if there is a change in coaches?

Recruiting Facts

SCHOLARSHIP FACTS

- Did you know? There is no such thing as a "Full Ride." ALL scholarships are 1-year renewable deals.
- Only 3% of high school student-athletes receive a scholarship.
- Less than 1% of high school student-athletes receive a 4-year Division I scholarship.
- 83% of scholarship opportunities are NOT on the Division I level.
- 90% of the 2,000+ colleges and universities in America DO NOT play sports on a Division 1 level. So, you if you focus on "going D1," you are missing out on 90% of the opportunities to play sports in college.
- Are you sure you run a 4.40 forty? Only 3 of the 329 players invited to this year's NFL Combine posted a 40 speed of 4.40 or better.
- Men's Division I football and basketball and women's Division I volleyball, basketball, tennis and gymnastics are the ONLY scholarships which may NOT be divided (this, however, does not guarantee 100% funding for each scholarship). ALL other scholarships for all other sports and divisions may be sub-divided, and most commonly are.
- 80% of financial assistance is realized AFTER January 1 of the senior year.

Do-It-Yourself Recruiting Service

- The overwhelming opinion of athletic high school administrators is that recruiting services are very often an unnecessary, underachieving, and expensive means to manage the recruiting process. For that reason, CoreCourseGPA.com has developed a step-by-step, "Do-It-Yourself" recruiting service. Follow the steps below to have the person who best knows your son/daughter manage their recruiting...you!
- **YouTube** - Upload your child's highlight video on [YouTube](#). (Do NOT add background music - it will only drive the college coaches nuts.)
- **Student-Athlete Profile** - Use MS Word to create your child's profile summary and save as a PDF. The profile should include name, address, phone number(s), email address, academic and athletic accomplishments. Be honest when creating the profile. If your daughter is 5'5", list 5'5", not 5'9". If your son runs a 4.70 forty, list a 4.70 forty, not 4.50. The college coaches know better and could potentially hold it against you later.
- **CoreCourseGPA.com Initial Eligibility Report** - Save the PDF version of your CoreCourseGPA.com status report to attach to your emails.
- **Email Coaches** - Thanks to modern technology, the days of mailing "recruiting packets" are over. Locate the email address of the college coach of your choice using the [College Links](#) feature. Include the YouTube video link(s) in the email and attach your child's profile and CoreCourseGPA.com Eligibility Report.
- **Follow up with a phone call** - Keep in mind, the college coach may or may not be able to take your call, or even return your phone call, depending on the time of year. Make sure you check your sport-specific [Recruiting Calendar](#). In **CoreCourseGPA Calculator**.

NAIA Eligibility

Students interested in playing sports at a NAIA school must register with the NAIA Eligibility Center at www.playNAIA.org. To be eligible to play sports at the NAIA level a student must be a graduate of an accredited high school and be accepted as a regular student in good standing as defined by the enrolling institution and meeting two of the three following requirements:

1. Achieve a minimum of 18 on the ACT or 940 on the SAT*
2. Achieve a minimum overall high school GPA of 2.0
3. Graduate in the top half of your high school class

*ACT and SAT test scores must be sent directly to the NAIA Eligibility Center from the testing agencies. Use the NAIA Eligibility Center code 9876 as a score recipient to have scores sent directly.
