Freshman Placement during High School Testing on November 8

On Friday, November 8, the high school will be testing all 10th-graders. Therefore, no high school classes will be in session **for hours 1-5**. Freshmen who have classes with high school teachers will need to select one of the following choices for each hour they are normally with a high school teacher. When they are with a Freshman Academy teacher, they will attend class as usual. Students must make their selection by using a Google form link that will be provided soon.

1. A show at the Jenks Public Schools Planetarium
2. Study Hall in the Math/Science Presentation Hall (3rd Floor)

How do you know if you are in a high school class?

- If you are in the Freshman Academy Building, you are **not** in a high school class.
- If you are in the Math/Science Building with Graddy, Jordan, Schepers, or Sparks, you are **not** in a high school class.
- If you are anywhere else, including a PE class, you **are** in a high school class.

Freshmen will be on a regular schedule on November 8. Sixth hours will meet on the regular schedule for High School classes as well as Freshman classes.

Volunteer

News

Jenks requires *all* volunteers to complete a Volunteer Confidentiality Training every year. The completion of this training provides an overview of expectations for volunteering and what the volunteers may expect from the school. Completion of Volunteer Confidentiality Training at the beginning of the school year is most beneficial to the site where you volunteer.

Lobby Guard. For security reasons, all volunteers must check in at Lobby Guard with their drivers' license *before* beginning their volunteer service (including Field Trip volunteers.) They can do this at any site during the school year. Volunteer badge must be worn during volunteer service.

LOG volunteer hours! Enter total volunteer hours by site. Keeping them recorded monthly is recommended in order to eliminate trying to remember them towards the end of the year. The recording of volunteer hours is necessary since we are required to provide the number volunteer hours per site for the District's State School Report Card. The documentation of hours also helps our schools determine where support is needed.
